HEINEMANN IS REELECTED BY LEAD OF 2,000

Rooney Runs Far Behind in Contest for Election as County Judge

HEINEMANN WINS CITY

Opponent Carries Only One Ward and Loses County by 1,300 Votes

Judge Fred V. Heinemann was re-elected as judge of Outagamie county by a majority of over 2,000 votes over his opponent, Attorney F. J. Rooney, in the election Tuesday. The contest was close in some places but unofficial returns gave Judge Heinemann the lead both in the city of Appleton and in the remainder of the county.

All wards in the city were carried by the county jurist except the Third in which Mr. Rooney resides. Even here the judge showed some strength, however, as he carried the second precinct of the ward by five votes. The totals in the city were 2,650 for Judge Heinemann and 1,647 for Mr. Rooney.

About 20 precincts in the county gave Judge Heinemann the largest vote. Half a dozen or more declared for Rooney, some by good majorities and he also carried the third precinct of Kaukauna by one vote. The race was so close in Bear Creek and Combined Locks villages that the candidates were tied.

This will be Judge Heinemann's first complete term. He assumed office about a year ago when Judge John Bottensek died.

The vote throughout the county was:

FRENCH REDS WANT MORE DRASTIC TAX

Socialists' Demand for Out-and-out Capital Levy Holds Up Finance Program

By Associated Press
Paris—The chamber of deputies Wednesday afternoon fixed Friday evening for discussion of the government bill for relief of the fiscal difficulties of France. The finance committee promised to have the measure ready at that time. It will first have to deal with alternative plans that have been submitted to it.

Among these plans is a drastic capital levy, presented by the Socialists and a scheme from the Radical left group, hitherto supporters of the government but who now appear to be wavering. M. Klotz former minister of finance, it is understood, also intends to propose a tax on unearned increment.

The radical supporters of the government represented by Louis Malvy are making efforts to induce the Socialists to withdraw their proposal, but the Socialists are expected to go ahead—not that they believe there is any chance of the plans adoption, but to satisfy their constituents that they remained true to the Socialist doctrine. It is believed that the party later will rally to the government's plan.

This plan provides for authorization to raise the limit of the bank bill issued by the Bank of France by 4,000,000,000 francs, bringing it to a total of 45,000,000,000 francs, and for a "forced loan" embracing a 1 per cent contribution by capital.

Elect Three New Aldermen To Seats In Council

NAME HINDENBURG FOR PRESIDENT OF GERMAN REPUBLIC

Former Field Marshal Accepts Nomination of Conservative-Bourgeois Bloc

Berlin—Field Marshal Von Hindenburg was nominated Wednesday as a candidate for president of the German republic by the National-Conservative-Bourgeois bloc. It was announced that the field marshal had agreed to stand for the office.

Von Hindenburg's nomination was forecast several hours before he actually accepted, as it was known Wednesday morning that he had agreed to run against former Chancellor Wilhelm Marx in the elections of April 26. It assured of the united support of all the parties comprising the National-Bourgeois bloc. Despite the opposition of foreign minister Stresemann, it was stated beforehand that the German People's party would not oppose the field marshal in the event he was nominated.

Von Hindenburg's protest against entering the grueling race on account of his age were met by supporters who added to the aged war hero the example of men on the verge of 80 who had made good as statesmen. They pointed out that Bismarck when he was retired was considerably older than the field marshal. The cases of Clemenceau and Balfour also were cited.

There were plenty of objections to the field marshal's nomination voiced in the nationalistic ranks, however, numerous members of the old regime literally "standing aghast" at the suggestion that "the one remaining figure of the glorious past" be dragged into the quagmire of German party politics.

"He has been a soldier all his life and wholly typifies the rigid monarchism which has gone," objected a well known former naval officer, "and any attempt to make him fit into the post of President of the German republic—a new world to him—must be designated as a piece of political and political insanity."

FIND BODY OF MURDERED MAN IN CISTERN ON FARM

By Associated Press
Dassel, Minn.—A murder committed probably two months ago was under investigation here Wednesday following the finding of the body of an unidentified man in a cistern on a farm near here.

Levi Danielson, one of the farm owners, discovered the body while taking water from the cistern which has been used all winter to water stock. A coroner's jury Wednesday returned a verdict of murder. The skull was fractured.

GUN EXPLODES; FARMER ON TRACTOR IS KILLED

By Associated Press
Manitowish—Louis Grall, 29, was instantly killed on the farm of his father, five miles south of Whitewater, this county Tuesday afternoon when a shotgun which he was carrying with him while operating a tractor fell and was accidentally discharged. Grall was struck in the chest just above the heart and death came before a brother, who was working in the same field, could reach him. He is survived by his parents, five brothers and three sisters.

GOVERNOR PROBES SEDUCTION CHARGE AGAINST HIS SON

By Associated Press
Columbus, O.—Mr. Lillian Vogel, 15-year-old miss of Zanesville girl is in Columbus and she was brought here Sunday night by Hal Donaher, 17-year-old son of Governor Donaher, it was announced at the governor's office at noon Wednesday.

The girl is in a Columbus rooming house. It was announced. It is presumed that she will be taken back to Zanesville by her mother who was enroute to Columbus at noon Wednesday.

While only a brief announcement was made at the governor's office, it was indicated that the facts are not as represented to the governor by young Donaher on Monday night when it first became known that the girl was missing from her home.

Catlin Wins in First Ward, Earle Defeats Eggert in Second and Fiedler Trips Up Beske in Sixth Ward

Three new aldermen will take seats in the city council when that body reorganizes next week as the result of the municipal election on Tuesday. The new council members are Mark S. Catlin of the First ward, Phiny Earle of the Second ward, and J. H. Fiedler of the Sixth ward. Earle and Fiedler defeated present members of council and Catlin succeeds L. O. Hanson who did not seek reelection.

Earle won over William Eggert, present Second ward alderman, by 11 votes and Fiedler defeated Herman Beske, Sixth ward alderman, by 96 votes in the First ward Catlin won over H. G. Thomas by 117 votes.

The other three aldermen who sought reelection, were re-elected. They are Charles Fose in the Fifth ward, C. F. Smith in the Third ward and Robert McGilgan in the Fourth ward. Smith had the hardest battle, winning over F. X. Bachman by 23 votes. Smith carried the first precinct of his ward by 57 votes but lost the second precinct by 34 votes.

Fose had an easy time in the Fifth ward. His name was the only one on the ballot but Fifth ward voters wrote in the name of W. H. Vanderhuyden 77 times. Vanderhuyden's name was printed on stickers which were pasted on a number of ballots. Fose and E. B. Rachow were nominated in the primary election on March 24 but Rachow withdrew several days ago.

McGilgan was reelected in the Fourth ward by a majority of 126 over J. C. Hamel. Hamel carried the first precinct of his ward by 15 votes but lost the second by 31-75 174.

Earle's election in the Second ward was a whole lot of a surprise. Earle was not a candidate prior to the primary election but his name was written in a sufficient number of times to place his name on the ballot. In fact he received more votes in the primary than were cast for Eggert.

A spirited campaign followed the primary and Earle received a majority of 106 votes in the first precinct but lost the second precinct by 95 votes. Eggert was appointed on the council to fill the vacancy created by the resignation of John F. Lappen who moved from the city.

VOTERS ASK FIRE TRUCK IN WAUPACA

Attempt to Revive County Agent's Office Is Defeated by Large Majority

Waupaca voters approved an appropriation of \$5,000 in the election Tuesday for purchase of fire apparatus and the county at large turned down the proposal to reestablish the office of county agricultural agent. O. K. Evenson was returned to the county school superintendency.

Waupaca common council decided to submit the fire apparatus question to the people to decide. The vote was 257 in favor of the purchase and 223 against.

Returns from the county on the agricultural agent proposal were incomplete at noon Wednesday, but the issue was lost by a large majority. Waupaca employed a local agent for some time but the office was abolished. The referendum came in response to a demand for removal of this position.

YOUTH SUES FOR \$200,000 OR RETURN OF HIS WIFE

By Associated Press
Milwaukee—Jack W. Bradley, riding master, who became 21 Sunday, has filed an amended suit against his parents-in-law, Mr. and Mrs. Charles G. Forster, charging alienation of his wife's affections. Bradley asks \$200,000 damages or the return of his wife.

In addition to other charges set forth in the complaint, Bradley charges that his wife's parents are taking her further from him by telling her he is subject to epileptic attacks and that should children come of their union, they too will be subject to the alleged physical handicap of their father.

LAWMAKERS VOTE TO GO HOME FOR WEEK'S VACATION

Racine Senator Charges Administration Is Waste of State's Money

By Associated Press
Madison—The Wisconsin legislature adjourned shortly before noon Wednesday for a recess lasting until April 14 after a stormy battle waged against recess by administration men in the senate. The vote to adopt joint resolution 58A after it had, by amendment, been "brought up to date."

After adoption, the amended resolution was message to the assembly where the amendment was concurred in by a mere handful of assemblymen. Both branches then immediately adjourned.

Senator Max Heck led the attack against adjournment. He charged Milwaukee senators with seeking adjournments for their own convenience, a practice which he declared was unfair to other members who desired to work and clear the calendars of the largest possible amount of current business.

The senator declared senators seeking adjournment at this time were technically squandering the money of the state by running up expenses.

A veto by Governor John J. Blaine to the Heck bill to allow circuit court commissioners of Racine-co to exercise the powers of the municipal court in certain cases was sustained by the senate by unanimous vote. Senator Heck agreed that the point as to the unconstitutionality of the measure made by the governor was well taken.

No action was taken on joint resolution 42s to memorialize congress to modify the Volstead act to permit the manufacture and sale of beer of 2.75 per cent alcoholic content. The resolution was laid over until April 15.

CONDEMNED UNIVERSE

So long as France has such a good market for her domestic borrowings in her own country, the situation capital levy to disturb the situation is considered from an economic viewpoint most unwise. Should capital begin a flight from France, there is every reason to believe the French would have even greater difficulty in refunding their present internal obligations which are shortly to mature.

FOREST FIRES UNCHECKED IN BLUE RIDGE REGION

Blackburg, Va.—The flames of 15 forest fires Wednesday continued to gnaw their way unchecked over the Blue Ridge mountains along the Virginia and West Virginia line in the vicinity of the proposed New Shenandoah national park.

The most serious of the fires burned along a five-mile front in the valley between Gap and Bush mountains. Driven by a steady wind it ate its way rapidly towards the James river. Though much valuable timber has been destroyed, no other losses have been reported. The strenuous efforts of fire fighters Tuesday in setting back fires saved mountain homes and saw mills menaced by the flames.

U. S. DISLIKES FRENCH PLAN OF TAX ON CAPITAL

Administration, However, Adopts Watchful Waiting Policy in Fiscal Crisis

WON'T PRESS PAYMENT

America Sympathetically Appreciates Financial Difficulties of France

BY DAVID LAWRENCE
(Copyright 1925 by Post Pub. Co.)
Washington, D. C.—France's financial crisis and struggle with financial problems has produced a sympathetic impression here to the extent that no move will be made by the United States government, for the present at least, which might complicate the situation.

All reports that America is about to send a drastic note to the debtors nations demanding payment on war debts or that economic pressure is planned for the next session of congress through a restriction of private loans are wholly untrue so far as the president and the secretary of state are concerned.

HAS SYMPATHY

It may be stated positively that there is an appreciation in official quarters of the difficulties in which the French find themselves and that there is the most profound hope that France will soon find a way out of her troubles.

Incidentally while it is further from American purposes to offer advice, it cannot be denied that officials look askance at the suggestion of a tax on capital in France. They fear the French will then experience a flight of capital such as Germany had to contend with and that in the end more harm will be done to French than could possibly be offset by any income from the proposal.

The experience of Germany with a capital levy is considered a case in point. So long as the tax lasted, Germans deposited their money in other countries and it was not until the Dawes plan was put into operation and the currency stabilized that the capital began to come back.

So long as France has such a good market for her domestic borrowings in her own country, the situation capital levy to disturb the situation is considered from an economic viewpoint most unwise. Should capital begin a flight from France, there is every reason to believe the French would have even greater difficulty in refunding their present internal obligations which are shortly to mature.

President Coolidge incidentally has let it be known that he is not aware of any over extension by Americans of private loans and that while the government has always had a policy of advising private interests against loans for military purposes there is no evidence that any such loans have been projected. In other words there has been no objection from the American government to any important loans.

LEADS KLEIST TWO TO ONE IN EARLY RETURNS

Judge Graess of Green Bay Re-elected to Circuit Court in Brown-co

CALLAHAN RETURNED

Chicago Voters Defeat Gigan-tio Traction, Elevated and Subway Program

Milwaukee—Judge E. Ray Stevens was elected supreme court justice over John C. Kleist of Milwaukee on the face of returns tabulated Wednesday from approximately half of the precincts in the state. Early Tuesday night Judge Stevens assumed a lead of approximately 2 to 1, and continued to increase this ratio slightly as returns from over the state came filtering in.

Returns from 778 precincts over the state on the race for the supreme bench gave Judge Stevens 97,320 and Kleist 48,596.

The only other state candidate, John C. Callahan of Madison, ran for state superintendent of schools without opposition.

HAVE NEW JUDGES

In Milwaukee-co and Dane and Sauk-co, contests were held for election to newly created branches of the circuit court. In Milwaukee Charles Aarons defeated Judge Henry Cummings for Branch 8 by a majority of 1,063 votes, while Judge August E. Braun eliminated Carl Runge with a majority of more than 8,000 in the race for Branch 7 judgeship. Judge George A. Shaugnessy was re-elected municipal court judge over Benjamin Reynolds a majority of nearly 35,000. Judge A. E. Hoppman of Madison was elected to the newly created second branch of the circuit court, comprising Dane and Sauk-co. He was leading his nearest opponent by more than 3,000 votes with the amount virtually complete.

DEFEAT CIVIC CENTER

Milwaukee—The city of Milwaukee defeated the civic center proposal and the street car service at cost proposal of the Milwaukee Electric Light and Railway company in Tuesday's election.

The \$1,000 school bond issue for improvement of Milwaukee public schools was carried by a two to one majority and the proposal for a \$500,000 bond issue to construct a garbage disposal plant called by a majority of 7,580.

GRAESS SELECTED

Green Bay—Fourthteenth judicial circuit re-elected Judge Henry Graess over M. E. Davis by a majority of 5,000 votes according to unofficial returns from 72 out of 84 precincts received here Wednesday.

Local voters elected August W. Icks as their new city council member over Charles H. Grilling by a majority of 1,000. It was indicated by unofficial returns that George A. Anderson was elected justice over Thomas E. Howlett, incumbent. A proposal to increase the salary of Green Bay firemen was endorsed by a big majority.

ELECT WOMAN

Oshkosh—Winnebago-co in Tuesday's election gave Judge E. Ray Stevens 3,464 votes for supreme court justice and Judge C. Kleist received 3,036, a majority, for Stevens of 334. Oshkosh city gave Stevens 1,208 and Kleist 1,045.

The city of Neenah gave Kleist 368 and Stevens 301, while Menasha city voted 317 for Stevens and 591 for Kleist. John Callahan for state superintendent of schools received 5,570 votes in the county. Oshkosh city registering 1,317 votes of that total. The only contest of importance for a county office was that for superintendent of rural schools, the present incumbent Avery C. Jones, defeating W. E. Price by 255 votes. D. E. McDonald was elected county judge for six years and Arthur H. Gess was returned as Municipal Judge for the same period.

DEFIAT TRACTION PLAN

Chicago—Tabulation of votes early Wednesday showed the proposal for municipal acquisition of the street railways elevated lines and the building of a subway to be defeated by the election Tuesday by more than 100,000 votes.

The plan, sponsored by Mayor William E. Dever, and said to be the largest municipal ownership project ever attempted, would have involved an expenditure of \$550,000,000 for a forty year period provided for payment for the properties out of earnings of the lines.

Elected

Judge E. Ray Stevens of Madison was raised to the state supreme court bench by his victory over John C. Kleist, Milwaukee.

SHIPSTEAD SCORES WHEAT PROFITEERS

Says Skyrocketing Due to Price Fixing—Farm Department Helped Movement

By Associated Press
Washington—A charge that the recent skyrocketing of wheat prices on the Chicago board of trade was due to the activities of price-fixing speculators is made by Senator Shipstead, Farmer-Labor man, Minnesota, in a letter to Julius Barnes, former president of the Chamber of Commerce of the United States.

The senator also asserts that the department of agriculture "whether by good intention or otherwise" assisted in the "bull" movement by co-operating with the issue of "false propaganda" regarding a threatened shortage of world wheat supplies.

The communication made public by the senator Wednesday was in reply to an article published recently by Mr. Barnes, in which he asserted that Senator Shipstead in advising the farmers last fall to market their wheat crop then made it impossible for the farmers to take advantage of the higher prices of wheat prevailing this year until the recent break in the market.

Denying that he so advised the farmers, Senator Shipstead said he did warn producers not to be "fooled by the money powers rushing up quotations for political and financial purposes." By following this warning, Senator Shipstead said, the producers had escaped being caught in the "awful crash" in the market.

FIGHT COUNCIL TO LAST DITCH, WEST-ENDERS AGREE

CONDEMN MAYOR FOR ATTITUDE TOWARD CITIZENS

Send Committee to Demand Council Change Its Plans for Street Corners

First ward taxpayers have joined with the Third and Fifth ward in opposition to the wide curves at street intersections called for in the 1925 paving program, and, according to Frank Murphy who represented the lowest property owners, the Appleton Chamber of Commerce has promised to lend its support. This developed at a meeting of more than 150 citizens in the Fifth ward school Tuesday night, at which it was decided that a committee of ten should lodge a protest with the city council at its meeting Wednesday night, demanding that the plans for wide corners be changed and that the paving program be delayed until the city has demanded more county and state aid for building pavements on streets which will be part of state highways.

The assembled citizens under the chairmanship of Theodore Berg, attorney for the Fifth ward taxpayers, first heard a report of a committee appointed at the meeting Monday night to examine the corners as marked by the city engineer. This committee reported that it had examined certain corners in the Fifth and Third wards and had found them preposterous and recommended that 15-foot radii be adopted as the maximum, with the exception of certain intersections on all the streets affected. After lengthy and interested discussion of this report the property owners adopted a resolution to appoint a committee of ten to present a petition to the council urging immediate action. Chairman Berg appointed the committee, and all those present promised to be present at the council meeting to back up their demands.

LIKE MILWAUKEE PLAN
Alderman George Richmond of the Third ward who had secured information from the city engineer of Milwaukee regarding the calculation of radii at street intersections there, urged that Appleton adopt a similar system. In Milwaukee he said, the width of the sidewalk and adjacent boulevard determines the radii. Thus where two streets intersect, the distances from the inside of the sidewalk to the curb are intersection. This would make most of the intersections in Appleton from 15 to 18 feet Mr. Richmond said, and the citizens incorporated a similar plan in their resolution for adoption by the city council.

Alderman Richard said the council was not responsible for the plans. He said that when the plans were adopted few members of the council realized what a radical departure was being made at the intersections, and it was due to his accidental discovery of what the plans provided that the matter was brought before the taxpayers. If he had not made the discovery, he said, the property owners would not have realized how the corners were to be cut off until they were actually constructed, when it would have been too late to act.

Mr. Richard declared that it would be impossible to adopt a standard width for all radii because conditions in various streets differ. Therefore he recommended that the Milwaukee plan be adopted, making the system flexible. The paving of Cherry, Richmond and Lawrence was an experiment, he said.

SAYS MAYOR IS WRONG
Mr. Berg stated that the statement made by Mayor Goodland Monday night to the effect that the plans could not be legally changed now was erroneous. The specifications on which bids were made, he said, reserved the right to the city council to diminish the yardage covered, and as far as he could see a change in the corners would affect yardage only. He then called on Attorney Thomas Ryan to express his opinion of the whole matter.

Mr. Ryan launched an impassioned attack on the mayor and the council, condemning the city government for acting without consulting the wishes of the taxpayers. He accused Mayor Goodland of seeking to force the paving plans upon Cherry-st residents as a matter of revenge, because they had voted to build the new viaduct at the end of their street instead of downtown.

"Some of the residents of Cherry-st and Richmond-st were opposed to building the bridge where it is now," he said, "but when confronted with the choice between building it downtown at a cost of a million dollars or having it erected at its present site at one quarter of the Lake-st viaduct cost, they considered the welfare of the city as a whole and voted to have it built at the end of Cherry-st. Now the cry of some members of the council and the mayor is 'You voted for it, now pay for it.'"

Mr. Ryan said he had been told by the city engineer that the Cherry-st road would have been good for at least five more years without the bridge. Now traffic has been increased 100 per cent by actual count, he said, and the taxpayers are to be made to pay for the pleasure and benefit of travelers from New York, Chicago, Milwaukee and everywhere else.

MORE COUNTY AID
He was sure, he said, that if the city waited six months and applied to county and state for aid, a large part of the pavement cost might be lifted from the taxpayers' shoulders. Several members of the county highway commission had told him they saw no reason why the city should pay more than the county. "The mayor and council never asked for more," he said. "They didn't dare, because they wanted something." Clintonville got 60 per cent state aid, he said, and

there's no reason why Appleton shouldn't wait and do likewise.

Then the judge attacked the cutting down of boulevards. If the city needs the land, he said, it might do this, but first the council must declare under oath that the city needs it. In this case it is the county and state that want the boulevards cut down, and the city can't do it. Narrowing the boulevards would destroy the beauty of the streets and necessitate the cutting down of trees which could not be replaced in many years.

"And yet Mayor Goodland says 'To hell with Ryan; he voted for the viaduct, now let him pay,'" Mr. Ryan shouted.

The slogan nowadays seems to be "The pedestrian be damned," Mr. Ryan said. He had been told by paving contractors now in the city that in the larger cities wide corners were cut to allow automobiles to maintain a high rate of speed, and the smaller

cities, without knowing why, were following suit.

"By what right do these thirteen fellows who are seeking to dominate us rob the taxpayer to maintain the pride of the city at the cost of safety and the finer things of life?" the judge said. "We are nothing. Had George Richard and Wenzel Hassman it not been for Mike Steinhauser, who stood up for our rights in the council we would have been forced to bow to the unjust demands of the mayor and his henchmen once more. Let us fight them to the last ditch. Put them back where they belong—in the council of their little homes. This is not a threat but common sense."

Mr. Berg told the taxpayers that out of \$200,000 levied against the county for highways, Appleton was receiving \$20,000. The city had paid \$70,000 but only \$20,000 was returned

for Cherry and Richmond-sts, and not a cent of state aid.

W. H. Vanderhyden stated that at the meeting of the county board last October when the city should have made its requests for county aid there was not a representative of the mayor or council present. He said he believed there was still time to get county and state aid, and urged delay in the paving until the request could be made.

The meeting adjourned after deciding to send a committee to the city council meeting Wednesday night, and agreed to back its demands to the fullest extent.

Homier Benton left Wednesday afternoon for New York where he will spend a week on business.

Jack Phillips of Green Bay was an Appleton visitor Tuesday.

Clarence Kasten was in Milwaukee Tuesday on business.

ROHAN, CHAIRMAN OF ROAD BOARD, LOSES ELECTION

Buchanan Turns Down Rohan and Osborn Fails to Return Sievert

Two members of the county highway commission were defeated for reelection to the county board of supervisors on Tuesday, according to reports from Outagamie-co towns. William Rohan, chairman of the highway commission, failed to win reelection in the town of Buchanan, and Charles Sievert was defeated in the town of Osborn.

Few other changes were made in county board members, returns from the county indicated. Charles J. Faust, representing the First ward of Kaukauna, was among the defeated candidates.

One of the most surprising upsets of the election was the defeat of Rohan in Buchanan by John Grasmeyer. Rohan lost the election 208 to 136.

Buchanan also removed another office holder of long standing when it defeated Michael Nyles for reelection as town supervisor. Mr. Nyles has held the office for 27 years. The successful candidates for supervisor were Frank Schmidt and Edward Lamers, the former receiving 121 votes and the latter 140 votes. The name of Jacob Henk was written in for supervisor by 38 votes.

Sievert was beaten in the town of Osborn by Fred Blohm.

Following are the successful candidates in Outagamie-co towns and villages:

Stores Load Up With Dyes For Easter Rabbit

Local stores have purchased a large stock of egg dyes in preparation for the fabled Easter rabbit who will need such material this week. The demand for the dyes has already opened and a few days more will find the stores besieged with requests or coloring packages and patterns.

The season finds the price of eggs considerably lower than during the winter, but still high enough to restrict the production of the Easter rabbit. Prices vary in the stores but the average is about 29 cents.

The Newest Fashions To Complete Your Easter Wardrobe

All our Easter fashions are ready. Something new of course. Something smart, naturally. And if it comes from here, it will be a pleasant addition to your wardrobe for months to come. So many to choose from, such modest prices reigning over them all, there's no reason in the world why you shouldn't indulge in all the smart, new Easter apparel your heart desires.

The New Top Coat

\$19.75 - \$25.00 - \$29.75

Smart tailored coats for immediate wear. Plain wool fabrics, new trends and wonderful plaid designs. Many models are finished with velvet collars. Their simplicity makes them very fashionable, smartly dressed women will greet these coats with favor. Specially priced for Pre-Easter selling at \$19.75, \$25.00, \$29.75.

New Late Arrivals In Coats

\$39.50 - \$49.50 - \$59.50

Up to \$95.00

Every express brings smart new coats featuring all the new colors. The brightly colored coat is fashion's favorite. Coats of soft woven fabrics, decidedly unusual. Coats of excellent finish. Straight of line, or with the graceful front flare. Badger, Squirrel, Fitch, Muskrat and Fox Furs on collars and of wide bands finish most models.

Specially Priced Coats

\$16.50 - \$25.00 - \$35.00

Just three prices and every group is represented with an amazing collection of models. You'll find them in every new color, of wool twills and soft woolen fabrics. Remarkably low priced for the quality of materials and styles they represent. Many have fur trimmings, although there are perfectly tailored coats for those who prefer them.

New Modes In Footwear

\$5.00 - \$6.45 - \$7.45

Very essential to the new costume is the right choosing of shoes. "Queen Quality" shows the latest versions for spring or summer wear in the most successful models of the season. A combinations of leathers or colors, in strap, sandal or cut-out styles in striking new effects. Our usual moderate prices prevail—\$5.00, \$6.45, \$7.45 pair.

The New Printed Frocks

\$16.50 - \$25.00 - \$35.00

Prints are fashion's favorite fabric. Here you'll find them in every popular color and design. In gaily colored patterns or delicate pastel tints, or demure flower effects for the woman who requires a larger size. For daytime or dancing, a printed frock will be smart, colorful and in excellent taste. Very moderately priced at \$16.50, \$25.00, \$35.00.

A New Collection of Ensembles

\$25.00 - \$35.00 - \$45.00

\$59.50 Up to \$110

The Ensemble maintains its importance in the mode, as these charming new models will testify. This collection shows Ensembles for every purpose. Simply tailored or in more formal styles. In soft wool fabrics or fine wool twills, combined with frocks of the same fabric or plain and printed silks. The popular colors are Cedar, Chicle, Grey and Navy.

Smart, New Children's Coats

\$5.95 - \$7.95 - \$9.75

The coats you will find in these three groups for the young girl are practical and really becoming to her. Expertly styled with just the right combination of youth and grown-up smartness. In fact you'll agree they are delightful fashions at very reasonable prices. All the new fabrics and Spring's newest colors to choose from. Specially priced \$5.95, \$7.95, \$9.75.

The Hats of The Moment

\$5.00 - \$6.00 - \$7.50

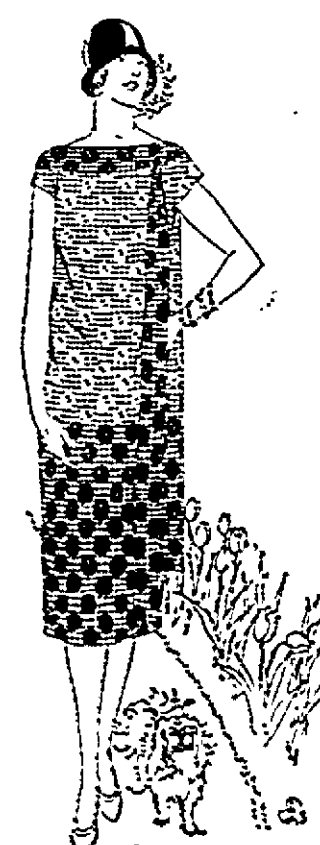

Our Milliner, Miss Dusenbury, is just back from Fashion's Millinery center with new purchases of Hats to sell specially for \$5., \$6. and \$7.50. They include every important fashion feature. In felt, satin, silk crepes, taffeta, hair braid or Milan, in all the variations of colors you could desire. A wonderful selection, inexpensively priced.

TRAVESTY ON JUSTICE

Former Secretary of the Interior Albert Fall received a \$100,000 bribe from E. L. Doheny, the oil magnate, for oil property rights in the West which Doheny has declared to be worth \$100,000,000. Doheny admitted giving the bribe. It was sent to Fall by an underling in a satchel. There is no disputing the fact. It was a plain case of criminal conspiracy to defraud the people of the United States. There is no possible presumption of innocence in either the case of the bribe giver or the bribe taker. They are guilty beyond denial.

These and other men connected with this scandal and accused of stealing public property, were duly indicted. The other day the cases of Doheny, Harry Sinclair and Doheny, Jr., came up in the federal court. The indictments against all four of these were quashed on the ground that an assistant attorney-general was in the grand jury room at the time they were drawn; in other words, these conspirators are set free on a flimsy technicality that has nothing whatever to do with the justice of the indictments of their guilt or innocence. What a ridiculous travesty on our courts and legal system! The public is tempted to ask whether there was a frame-up to protect these men in the beginning. If the attorney-general's office was so ignorant of technicalities that might be interposed to defeat even an indictment, of what use is it in the administration of justice? Can it be possible that it did not know that the presence of an assistant attorney-general with the grand jury would invalidate an indictment? Are we to charge this error up to plain stupidity, or to connivance in the freeing of these defendants?

The American people have every reason to believe that rich criminals receive special favors from our courts. Case after case can be cited where crooks who stole millions of dollars have gotten off with a sentence of a year or two; and in some cases no sentence at all. If a man steals a suit of clothes or some food or a horse and is poor and without friends, he goes to the penitentiary for a long period, in some cases as much as ten or twenty years. We do not know of a single instance in a period of many years where men who stole in the millions or committed frauds which robbed the public of vast sums have received what could be regarded as genuine punishment. In many instances they serve a few months or a year or two and are pardoned. This has happened time and again.

The moral seems to be that if one is inclined to be crooked he should strike for big stakes. He should try to steal millions and never a few dollars. And yet some high-minded persons, easily shocked by radical expressions or acts, assume to wonder why our courts and system of legal justice are under frequent attack.

PROFANITY OUT OF DATE

Profanity still exists, of course, but today we seldom hear the strings of oaths that fell from the lips of the old-time ship's captain, or the bun that clanked cuspidors in the corner saloon. Not often do you hear a round, ringing oath. Why? Because profanity is passing. You could swear as men did if you wanted to. It does not take any great amount of intellect or wit. The cussing old-timer did not

invent swearing, did he? Then he could not claim originality, and anybody can imitate. A parrot can be taught to swear the biggest oath that ever fell from the lips of a pirate or a stable boy. Does any good fellow feel proud of an accomplishment in which he may be over-matched by a parrot?

In the "good old days", of which we hear so much the boy was very prone to ape the manners and habits of his elders. If dad swore, then the son swore, and the same was true of chewing tobacco. But today, youth blazes its own trail. The youngster forms his habits from the education he is absorbing and not from following in the footsteps of the old man. We have better schools and better teachers than they had in the days of the little red school house. We teach the value of right living, clean habits and the use of correct language. Have you talked with a high school scholar recently? If you have not, do so at the first opportunity. You will find some slang used, no doubt, but on the whole the young people of today are better conversationalists than our parents or grandparents were. They have a much larger vocabulary and they know how to use it.

Recently we attended a football game between the teams of two prominent colleges. It was a hard fought battle, with a bitter contest of strength and tactics. There were grunts and gasps as the opponents hit the line, but never an oath did we hear. With thousands of people assembled to watch the game, with traffic jammed and a seething mass of humanity eager for victory or defeat, there was not as much swearing as we used to hear when two baseball nines played a match game on the sand lot.

Profanity is out of date.

THE SPONGE

Many people think of a sponge as a kind of vegetable, but it is really classed as an animal. The zoology book calls it a "low grade" animal and that is a good description. When a man has the characteristics of a sponge he is a "low grade" animal, too. One kind of a sponge is the man who makes it his ambition to see how much liquor he can "soak up." Some men can hold a great deal, just as some large sponges will hold several gallons.

Not all "sponges" are that kind, however. A sponge clings to something else and grows on it. It does not furnish its own support. It is a natural "grafter." So is the man who lives on other people's money, whether it is handed down to him by inheritance or whether he merely takes the advantage some one else provides. He is a low grade animal compared with the man who is willing to work.

Don't be a sponge.

OBSERVATION AND TRUTH

One of these diseases, by the way, against which the serum is being used, well illustrates the difference between scientific and popular observation.

That is tetanus, or "lockjaw." We all heard, in our youth, that lockjaw was caused chiefly by stepping on rusty nails. Which was quite correct, so far as it went. Most of the actual cases, in each neighborhood, did follow just this injury.

Curiously, they did not follow open cuts or tears even from rusty nails, nor attributed it to the rust, or to the pain of the deep puncture. Now it is known that it was not the rust or pain, and not necessarily even the dirt, that did it.

The tetanus germs are found in the soil. Most rusty nails have been lying on the ground. But these germs will not grow in the presence of air. An open wound is, therefore, ordinarily safe from them, even if infected.

A deep small puncture, difficult to clean to the bottom and protected from the air, is an ideal incubator. The rusty nail, stepped on, furnished these conditions better than any other ordinary accident. Scientific observation ascertained the truth.

When there is nothing we should do we usually do something we shouldn't do.

A young lady who married recently tells us she just can't get over listening for the chaplains.

A confident daughter is one who tells mother all about her necking parties.

Dogs are not as much trouble as girls. You know a boy will do things he shouldn't, but you always hope a girl won't.

Many a man who won't pay his own debts thinks we should collect every cent Europe owes us.

We never read an income tax explanation that we don't expect to see at the end "Answer given tomorrow."

Health Talks

BY WILLIAM BRADY, M. D.

Noted Physician And Author

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

MESSAGE OF THE EAR DRUM.

Considerable benefit is often derived from massage of the tympanic membrane—the ear drum—in cases of annoying head noises (tinnitus), vertigo, faintness, and deafness. Impressive apparatus is frequently used for this purpose, the psychological effect being perhaps of some value in the cases of persons who like to try novel treatments. But the actual physical effects of the massage may be obtained nearly if not quite as well by the use of one's own hands as by the use of apparatus. Self-massage by hand is more likely to be applied regularly. It can scarcely do any harm.

One method is this: Insert the pulp of the middle finger in the opening of the ear canal (one or both ears), drawing the tragus (that little tab in front of the opening) forward and pressing the finger as deeply into the canal as possible without discomfort. The idea is to get the pulp of the finger firmly in the opening of the ear canal. Now by very slight vibration or pumping movements in and out you furnish a massage which influences the ear drum chiefly by suction. The movements may be carried on as slowly as one in a second or as rapidly as eight or ten in a second and for a period of one to two minutes, regularly two or three times daily.

Another method not quite so effective, though easier to use, is this: Place the flat of the hand over the ear as you would if you were trying to shut out all sound, and alternately press the hand against the ear and release the pressure with a pumping movement. If the palm is in contact in just the right way this will influence the ear drum, chiefly by air compression.

These methods of massaging the ear drum are not likely to work any miracle and I suggest them only for the use of persons subject to chronic deafness, vertigo, or head noises due to ear trouble.

QUESTIONS AND ANSWERS.

Carrots Good to Eat.

Is there any harm in eating a pound of carrots a day? I have been doing so for six months. I have gained 10 pounds, which I needed. But have been told some harm will come of the habit in future. (Mrs. S. R.)

Answer.—It is a very healthful habit to eat some raw vegetable every day, any quantity from an ounce to a pound, according to individual nutritive requirements.

Others Get Opposite Effect.

I am a woman 62 years of age. I have been helped through a serious illness from what physicians called a "nervous heart" by Dr. Brady's life and advice. Would you advise joining the life extension institute? (Mrs. E. H. V. G.)

Answer.—I should advise you to stick to the doctor or doctors who called you "nervous heart" yet brought you through all right.

Summer Boarding House.

Is there any danger of contracting syphilis from using the common wash basin, towel, brush and comb in a summer boarding house? (P. M. H.)

Answer.—As nearly as I can determine, there is no evidence that syphilis is communicable in that way. A dentist may become infected from working on the teeth of a patient who has syphilis in a recent stage; a nurse may become infected from caring for a patient who has the disease; a doctor may become infected when examining, treating or operating on a syphilitic patient; there are rare cases in which the assumption is that infection occurred from the use of a borrowed pipe; in Philadelphia a few years ago one young man of the bon ton class infected a whole group of girls through kissing in a game of postoffice at a party. The chance of contracting syphilis through any other than direct personal contact with the individual who has the disease in a comparatively early stage (primary or secondary) is so remote that it is not worth worrying about.

Nervous Breakdown.

Can a person with a well balanced mind have a nervous breakdown? What is the result of a complete breakdown? There seems to be more of this trouble than formerly. Please give reasons for this. (J. A.)

Answer.—"Nervous breakdown" is just a non-committal term employed for the purpose of concealing the actuality from the public.

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO.

Wednesday, April 11, 1900.

M. J. Gochbauer, retiring city clerk, was presented with a gold headed cane by the outgoing council at a meeting last evening. The new council then went into session with Mayor David Hammel presiding. Alderman Meyer was elected president of the council.

John W. Thickens purchased the C. A. Beveridge residence property on Prospect-st. Marriage licenses were issued to Max Friedrich and Barbara Klein, Appleton; Emil C. Voeckes, Appleton and Cecile Klein, Hortonville; H. W. Grube and Emilie Radke, Appleton.

John Goodland, Jr., city treasurer, and Henry Hilbert, city clerk, were to assume their duties at the city hall the following Monday.

Julius Waite, game warden, spent the day in Neenah looking for hunters who had killed swans on the lower lake.

Peter Drysdale attended the thirty-ninth wedding anniversary of Mr. and Mrs. Robert Schels at Neenah.

W. L. Rhodes, the Onondaga grocer, expected to move quite soon to the store formerly occupied by D. E. Baller.

The Misses Lulu Comerford and Elizabeth Walsh visited friends at Oshkosh yesterday.

The Rev. John McCoy was at Wausau attending a meeting of the Wisconsin Presbytery.

TEN YEARS AGO.

Wednesday, April 7, 1915.

John Goodland, Jr., was defeated for reelection as city commissioner at the polls yesterday. The successful candidate was August Gerlach who received a majority of 353 votes. Returns indicated that Edgar V. Werner would win the election for circuit judge defeating four opponents. Attorneys Albert H. Krummel, Albert S. Larsen, Claude G. Cannon and Francis J. Hoeny. The victorious candidate for municipal judge was Albert M. Spencer who defeated Theodore Berg and Humphrey Pierce. The vote was 5 to 1 against a division of Outagamie into two parts as proposed by Assemblyman Philip C. Schommer.

Charles Frederick, a retired farmer died this morning at his home at Neenah.

City Clerk E. L. Williams was called to the Fourth and Fifth ward voting places yesterday because the voting machine failed to operate.

Miss Elvira Hannan and Harm Nodemann, Jr., were married yesterday afternoon at the Presbyterian parsonage on Oak.

Mrs. D. A. Bray entertained at a kitchen shower last evening for Miss Helen Day who was to be married soon.

U. S. Is Eager
For Big Trade In
South America

Julius Klein, in Foreign Affairs.

The new era of commercial activity in the republics to the south of us will be profitable to Europe no less than to the United States. The increase in American interests in that region since before the war is remarkable. Naturally Europe is fighting hard to retain its markets. Britain has already recovered her pre-war leadership in Argentina and Brazil. The United States still retains first place in Chile. Germany is making notable progress, especially in Chile, though she is still third in all three of the so-called ABC countries.

In the markets of the northern republics, particularly Mexico and Cuba, there are no indications of any serious inroads upon the supremacy of the United States.

Certain potent factors will bring about the concentration of the European drive very largely on the lucrative markets of the River Plate and Brazil.

Elsewhere in Latin America the European trades is confronted with formidable opposition in the shape of greatly improved American shipping service, made especially effective in the case of the west coast through the agency of the Panama canal, the heavy expansion of American investments and of American branch banks, the creation of a dozen new American chambers of commerce since 1912, the establishment of direct commercial agencies, the growth of vastly improved communication facilities and other ties of similar nature.

It is true that hereafter Europe will be laboring to a lesser degree under the disadvantage of quoting prices in wildly fluctuating currencies. Furthermore, the decreasing uncertainty of her own industrial conditions will facilitate that long-distance planning and operation which is indispensable to any successful export policy.

But even allowing for these advantages she will find the United States in a decidedly formidable position.

Apples Shiny
Because Of Wax

One of the attractive features of an apple is its shiny red cheeks which catch the eye in the market. Fancy fruit merchants polish their apples to make this feature even more attractive. Why does the apple shine when polished?

The apple has the peculiar trait of waxing its skin which renders it impervious to moisture from the outside and also prevents the escape of the juices within, which is one of the reasons why apples keep so well. Russet apples, which do not have this waxed surface, wither much more quickly than varieties with waxy skins.

The change from the downy surface of the young apple to the shiny waxed surface of maturity is interesting. When about half grown the fine hairs have disappeared for the most part and the shiny surface begins to show. The wax is forming over the surface.

The subject of the waxing of the apple has not been given much study, yet it is known that it develops to the greatest extent on apples which are grown in direct sunlight and that the wax is thickest on the exposed side.

It is also known that it forms better under dry than wet conditions.

Two Floors of Good Things to Wear

Adventures In The Library

By ARNOLD MULDER

THE AMERICAN FLAREUP OF W. B. MAXWELL.

About ten years ago W. B. Maxwell, English novelist, suddenly flared into publicity and fame in America with his book, "The Devil's Garden." Hundreds of thousands read it at the time they read almost any book, because everybody else happened to be reading it. And there are at least scores of thousands, if not hundreds of thousands, who have never read a subsequent book of Maxwell's.

That phenomenon, the sudden flare-up of a writer for no particular reason, is not uncommon. Why Maxwell's "The Devil's Garden" should attract attention in the first place when in America at least not one of his other books, some of them just as good, had been so much as noticed is a deep mystery that no one will ever solve in the case of Maxwell or any other writer. But a still deeper mystery is why the books of Maxwell that have followed "The Devil's Garden" have had comparatively little attention from the public.

CONRAD LIKEWISE
Joseph Conrad had the same experience of a sudden flareup with the publication of "Chance" in 1916 but in his case it was the beginning of a substantial fame that has grown consistently year after year. But in Maxwell's case it was merely "The Devil's Garden" and then the public interest.

The red or sunny side of the apple is its best waxed side, and the red cheek polishes most readily from this fact. Apples grown in warm sections develop a waxier surface than those grown in cooler climates. Apples on the north side of the tree have less wax than those on the south side of the tree.

MEANT HUMAN MIND
By the term "the devil's garden," the human mind is meant, but the story is far from being a preachment, at least not in its meaning. An English postoffice official kills a dissolute nobleman who has wronged his wife and years later he is face to face with the almost irresistible temptation to commit the same crime for which he has killed the nobleman. He escapes by dying while rescuing orphans from a burning building and that to me is the only shady feature about the book—a "noble" act that romantic people can wish over or shirk (test over adventures, not inevitably a part of the warp and woof of the story.

But the general idea of the book is extremely well handled. William Date of the story, whose mind is "the devil's garden," is not dissolute or immoral. He is a more than ordinarily religious man, almost fanatical. He regards the murder as an act of justice and he looks upon himself as a just man, which he was in the main.

And when he discovers his temptation to commit the same crime for which he had murdered a worthless man, the crisis is one of great dramatic force. Had he been normally a dissolute man there would have been no crisis but it was the very fact that all his life he had regarded himself as a kind of instrument of divine justice in regard to the nobleman that the temptation comes to him with an impact that is blinding and that forces him to reinterpret for himself the murder he has committed many years ago.

The book deserves its popularity but why did the public pick out this one and ignore the other eighteen?

est subdued. It has a substantial number of readers for every book that appears but the crowd more or less ignores him. There is no explanation for it and no use in attempting one.

It is not true that "The Devil's Garden" is his one outstanding book or his one book that has popular interest. It happens occasionally that a writer produces one book that is of such commanding popular interest that it overshadows all others. But in the case of Maxwell there is a remarkable evenness about his work and several of his books are as good and as interesting as "The Devil's Garden."

W. B. Maxwell had written an even dozen novels before he published "The Devil's Garden" and he has published six since then. For those who have not yet read it it is a worthwhile experience. Many became acquainted with the story a year or two ago when it was shown in motion pictures with Lionel Barrymore playing the leading role. But even Barrymore could not give an adequate presentation of the power of the book. Seeing it in the movies and reading the book are two quite different things, as they usually are.

The Question Box

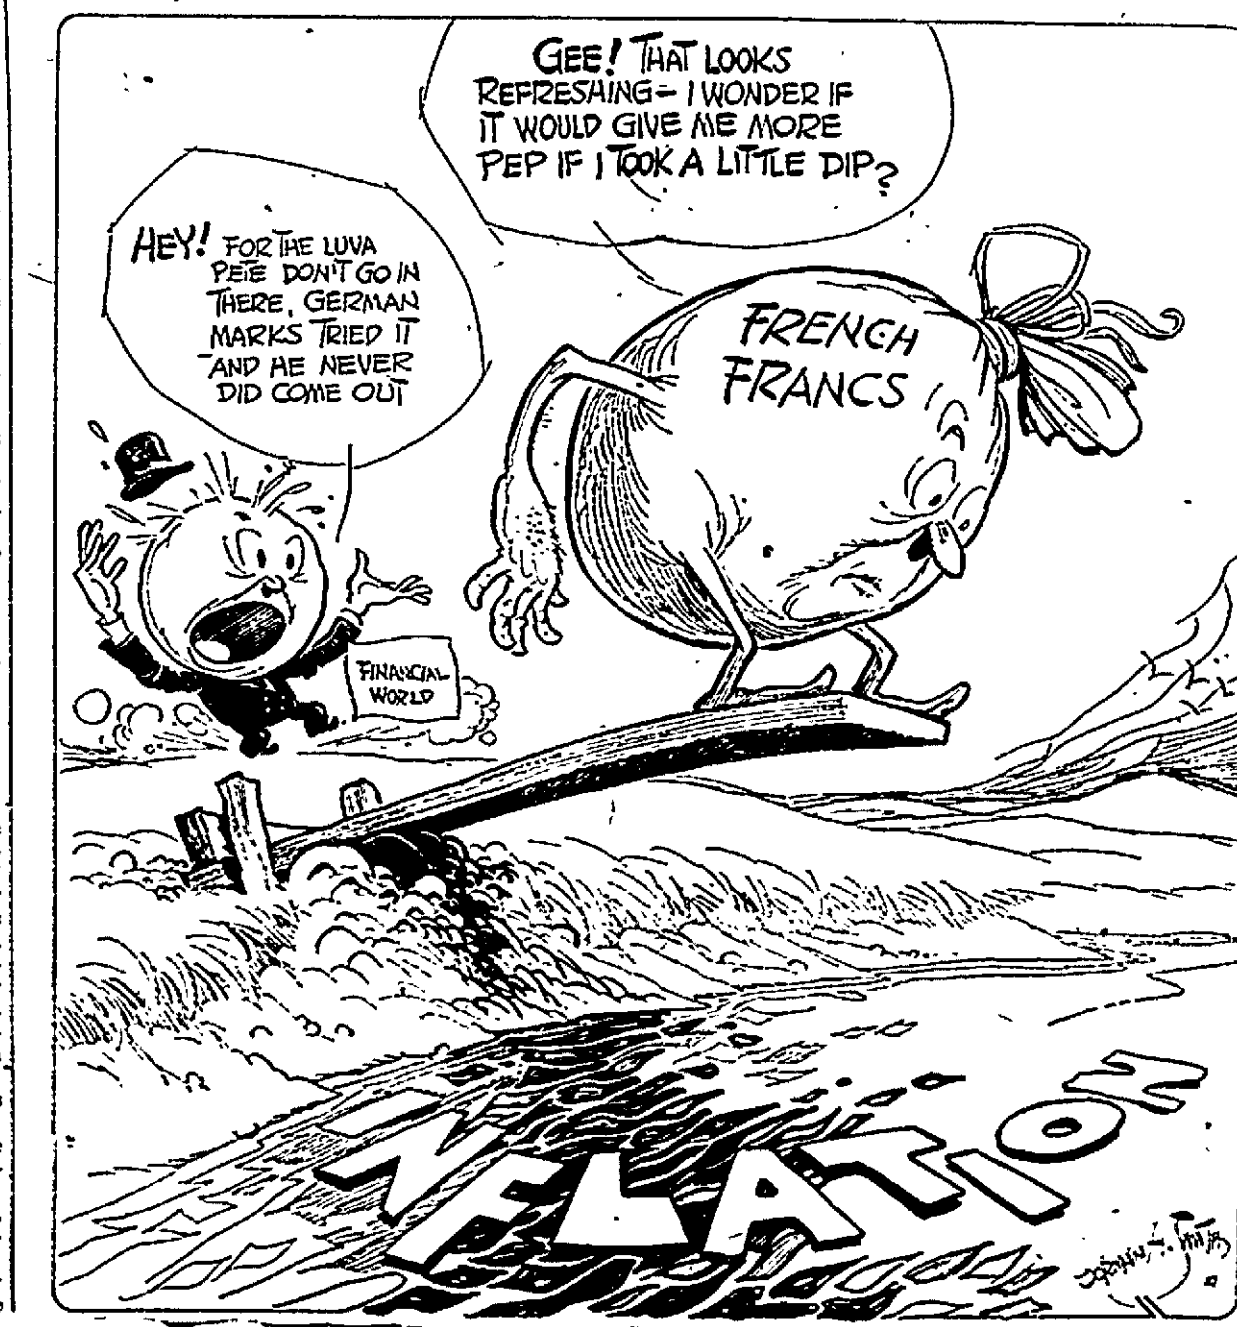

(Any reader can get the answer to any question by writing The Appleton Post-Crescent Information Bureau, Frederick J. Haskin, Director, Washington, D. C. The office applies strictly to information. The Bureau cannot give advice on legal, medical, and financial matters. It does not attempt to settle domestic troubles, nor to undertake exhaustive research on any subject. Give your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.)

Q. What is the meaning of a "c" with a circle around it? A. J. A.

A. A "c" enclosed in a circle is an abbreviated form of the copyright notice used by provision of the Copyright Law upon photographs, pictures, and similar works of art, on which the complete notice would detract from the beauty.

Q. What is used to make plaster busts and statues? J. F. C.

A. Plaster of Paris is frequently used for making busts and statues. It is made by calcining calcium sulphate (gypsum) at a temperature of 500 degrees F. In addition sculptors frequently use putty, clay and wax.

Schwab Is Named Head Of Moose

G. J. Schwab was elected dictator of the Loyal Order of Moose Tuesday evening in Moose temple. Other officers are: Vice dictator, Martin Leuders; prelate, Arnold Schultz; secretary, R. G. Zuehlke; treasurer, G. C. Luebke; trustee for three years, William Knorr. Installation will be on April 28.

Arrangements have been completed for the double dance which the Moose are planning to give on Wednesday April 15. Music for old time dancing which will be held in the assembly-room of Moose temple, will be furnished by the 1890 Serenaders. Old time dances including waltzes, two steps, quadrilles and square dances will feature. The program for old time dancing is in charge of Michael O'Connor. Modern dancing will be held in the main ball room and music will be furnished by the Melorinba orchestra. The committee in charge consists of G. J. Schwab, M. Gallipeau, Peter Larson and Grover Smith.

The Moose colors, red, yellow and blue will be used to decorate the hall. John Gilsdorf is in charge of decorations. A buffet lunch will be served from 11 to 1 o'clock. Martin Leuders is in charge of the refreshment committee.

THREE GENERATIONS OF WOMEN

Since the humble origin of Lydia E. Pinkham's Vegetable Compound in 1891, made on a kitchen stove, three generations of women have used this old-fashioned root and herb remedy for their ailments with wonderful success. Very often we hear of families where the grandmother, mother and daughter testify to its virtue. This accounts for the astounding growth and demand for this dependable medicine from all over the United States and from many foreign countries as well.

No Powder

On nose or forehead
By Edna Wallace Hopper
My famous experts have now found a way to prevent shiny noses and foreheads. They sent me some tubes and I tried it. It's a perfect delight. It is a dainty, fragrant, greaseless cream. I apply it to nose and forehead once or twice a day. It absorbs the excess oil, then reduces the too-large pores. As a result, I do not powder nose or forehead, yet they never shine.

Every woman will welcome this creation. So I have had my experts make it for you under my name Edna Wallace Hopper's No-Shine. Druggist and toilet counters now supply it at 60c per tube. It will end for you—forever—all the worries about shine. I shall gladly mail a sample tube if you'll send this coupon.

BIG LEAD IS GIVEN JUDGE STEVENS IN RACE FOR JUSTICE

Both City and County Favor
Madison Jurist for Position
Vacated by Justice Jones

Outagamie county gave Judge E. Ray Stevens of Madison a majority of almost 1,000 over Attorney John C. Kleist of Milwaukee in the contest for state supreme court justice at the election Tuesday. These men were seeking the office held by Justice Burr W. Jones, who announced that he would not seek reelection at the expiration of his term this year.

Judge Stevens won in the city of Appleton and in the county. Mr. Kleist won in one ward, the Fifth, however, and tied his opponent in the Sixth, where there were 254 votes for each. He also carried several precincts in the county and one in Kaukauna, but his majorities in these places made little difference in the final outcome.

The vote throughout the county stood:

Japanese Demand For Fish Dictates Pact With Soviet

BY HARRY E. LUNT
Washington — Japan's recent treaty with Russia doesn't mean that Nippon is conspiring with the Soviet government to dominate the Pacific. It only means that Japan wants to eat.

At least that's the explanation given by Frederick Moore, counselor to the Japanese foreign office, now in Washington. "Japanese eat about one pound of meat per person per year," says Moore. "But they eat one pound of fish per person per year."

"The big sources of Japan's fish supply are the waters off Sakhalin Island and the Behring Sea. These are Russian waters. An understanding between Japan and Russia, covering the scope to be allowed Japanese fishermen in these areas, in order to guarantee a fish supply for Japan, was the compelling motive behind the Japanese end of the agreement."

"Friendly relations between Japan and Russia also means a closer relationship between Japan and Europe. By sea, the trip from Japan to France and England, for instance, is about six weeks. By the Siberian Railway, this is cut to about two weeks."

"But as foreshadowing a Japanese-Russian alliance designed to dominate the Pacific—Japan herself would be the last to wish the development of Russia as a maritime power. Any one can see why."

This man Moore, incidentally is a unique figure in official and diplomatic circles. An American by birth, citizenship and allegiance, he is at the same time an official of the Japanese government in a sort of super-diplomatic job.

His title is "counselor to the Japanese foreign office." His duties, as his title indicates, are advisory. He is expected to keep the Japanese viewpoint straight on things American with the idea always uppermost in his mind to keep the Japanese viewpoint straight on things American. "Promoting amicable relations between Japan and the United States," Moore graduated into his job after a score of years as a newspaper correspondent, stationed in the Far East. His many years in China and Japan for the Associated Press gave him an understanding of the oriental slant on affairs in general that can only be acquired by long and intimate association. His knack as a newspaper man enabled him to see both sides of the problems that arose to both Japan, for instance, and he acquired the habit of volunteering suggestions. He brought to the Japanese foreign office, unofficially, the white man's psychology, backed up by a newspaper man's undiplomatic but very understandable mode of expression. He could strip a State Department communication of its high-sounding and ambiguous phrases, and tell the Jap statesmen just what Uncle Sam meant and why he meant it.

And the Japanese elder statesmen, recognizing though not publicly admitting that Japan is still a youngster among civilized nations, professed no little by his advice. It was Baron Shidehara, former Japanese ambassador to Washington, who signed Moore up for his job of undiplomatic diplomat. The fifth yearly contract has just been signed. Which would seem to indicate that Moore has been giving satisfaction as well as advice.

Moore alternates between Japan and the United States, first a year here, then a year there, in order to keep his contracts in both countries fresh. The United States is still "home" to him, however, and he's educating his children in the U. S. A. Moore and Baron Matsudaira, the new Japanese ambassador, present the long and short of diplomacy in Washington.

Moore is tall, lanky—a human bath. Matsudaira is short, roly-poly. They make an odd team. Both admit the same pet aversion, however—the Jingo who is always trying to stir hostilities between U. S. and Nippon.

SET APRIL 21 AS DATE FOR MEETING OF BOARD

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets. Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are purely vegetable compounds mixed with olive oil. You will know them by their olive color. To have clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.

H. S. CLASS STAGES "ALL A MISTAKE"

Production Is Given at Weyauwega—Oldest Resident Celebrates Her Birthday

Weyauwega — "All a Mistake," a farce comedy put on by the junior class of the local high school at Gerold opera house Friday evening, April 3 was a success. The class cleared \$41.21. The specialties were good, especially the "light fantastic," by Donald McMahon. Following is the cast of characters:

Capt. Obadiah Skinner, Maurice Rice; Lieut. George Richmond, Leonard Zabel; Richard Hamilton, Archie Robertson; Ferdinand Lighthead, Byrle Shreve; Nellie Richmond, Rose Libman; Nellie Huntington, Helen House; Cornelia (Nellie) Skinner, Anita Joerns; Nellie McIntyre, Hazelle Gloeck.

Weyauwega's oldest resident, Charlotte Gloeck Wurzbach, celebrated her ninety-sixth birthday anniversary on Friday, April 3, at the home of her son, Henry, where she has lived for nearly 70 years.

She was born in Tilleda, Saxony, Germany, April 3, 1829, and was one of five children. In August 1854 she came with the remainder of the family to America, coming to Sheboygan, where they lived for one year and then moved to Weyauwega. In 1857 she was married to Henry Wurzbach, Sr., a cobbler, who made shoes before the time of shoe factories. They had three children, Mrs. Albert Bolter, Athens, Charles, Duluth, Minn., Henry, Weyauwega. The latter is a cobbler in the same building which his father occupied. Mr. Wurzbach, Sr., died in 1912.

Mrs. Wurzbach is very proud of the fact that she has helped to finance the building of three German Lutheran churches in this village. Up to about a year ago she hardly missed a service. She is healthier and heartier than most people at 70. On Friday she entertained many callers and received many gifts.

Word has been received of the birth of a daughter to Mr. and Mrs. Clifford Wurzbach at Lorain, Ohio, on Thursday, April 2. Mr. Wurzbach is a former Weyauwega resident. H. Goeldner, tailor, has moved into the hotel building formerly occupied by H. J. Becker, and the latter has moved his insurance office over the Farmers and Merchants bank in the rooms where Dr. Gage had his dental office.

Kaukauna Representative2 ALDERMEN AND
ONE SUPERVISOR
LOSE IN ELECTIONBerndt and Wittman Ousted
from Council—Faust Loses
to Niesen

Kaukauna—Several surprising upsets occurred in the election here Tuesday. The vote was exceedingly light up till noon but large numbers turned out in the afternoon and brought the count up to normal.

The biggest upset was in the First ward where Alderman Oswald Berndt was defeated for reelection by Frank A. Kevn by a margin of nine votes.

In the Fifth ward Frank Gerz won the race for alderman over the incumbent H. Q. Wittmann. In the First ward John Niesen defeated Charles J. Faust for reelection as county board supervisor. The two men opposed each other in the last election for the same office but Mr. Niesen lost at that time by one vote Tuesday Mr. Niesen garnered a majority of 53 ballots.

The only present officer who controlled enough votes to elect himself was Charles Wendt, county supervisor in the Second ward. He nosed out John C. Mitchell by 34 votes. The rest of the city officers were without opposition.

On the judicial ticket Stevens and Heinemann were the choice of Kaukauna voters for the office of justice of the supreme court and county judge. E. Ray Stevens carried every precinct except the fourth where he lost by three votes. Stevens polled 235 votes in the first precinct, 175 in the second, 140 in the third and 151 in the fourth, total 651 votes. The ballot for Kleist was as follows: first precinct, 151, second precinct, 35, third precinct 115, fourth precinct 154, total 355.

Fred V. Heinemann polled 587 votes in the race for county judge, while Francis J. Rooney secured 673 votes. Heinemann polled 259 in the first, 223 in the second, 164 in the third and 221 in the fourth. Rooney lost every ward but the Third where he secured 165 votes as against Heinemann's 164. In the First ward he gathered 124; in the Second 137; in the Fourth 177.

Albert M. Spencer, candidate for municipal judge, received 1,149 markers, divided as follows: First, 360; Second, 274; Third, 229; Fourth, 286. John Callahan for state superintendent secured 211 in the first, 191 in the second, 245 in the third, 228 in the fourth and 243 in the fifth, making a total of 1,027.

The remainder of the city election was merely a matter of procedure. N. D. Schwan was returned to his office as justice of the peace for the north side with 1,035 votes. Elliott F. Zekind was given a total of 945 votes for reelection as south side justice. H. T. Runte, school board commissioner, was returned for three years with a vote of 1,229 and Lester J. Brenzel garnered a total of 1,150 ballots. A large number of names were written in for those ofices but no more than two or three votes were cast for each person written in.

In the Second ward Alderman Cooper, who was without opposition, received 221 votes. F. W. Wiggers secured 220 votes as third ward alderman while in the fourth ward William Deane polled 195 votes. In the Fifth ward H. Q. Wittmann received 56 votes and Frank Gerz polled 102 ballots. Fred Reichei was without opposition and was returned as a county board member.

Ask The Owner
of a Year-Old Chrysler
Six How it Performs

Products like the Chrysler Six, that create first-year production records in the effort to satisfy demand, naturally cause an upheaval.

Results that upset all the well-established conceptions of quality manufacture, performance, economy, riding and the engineering of space, are subjected to the closest scrutiny.

The Chrysler Six has been in the hands of owners something more than a year. Its new results are a matter of record; but it is equally important for you to know the proved endurance of the Chrysler, that it continues to perform brilliantly.

The proper source of such testimony is the owner. The important fact you will discover if you will make such inquiry is that a year-old Chrysler Six performs with the same brilliance, eagerness and zest as it did 12 months ago when it electrified its purchaser.

New results? Yes, and stamina and endurance as the records now show. We are always eager to demonstrate Chrysler results and we are particularly glad of an opportunity to show you that it is the best built car on the market today.

CHILDREN HELP FIREMEN STAMP OUT GRASS FIRE

Blaze Spread Over Large Area
—Auto Speeder, Forfeits \$13.50

A grass fire that spread the entire neighborhood west of High-st., near Muskrat Pk. occurred Monday afternoon. The fire department aided by many school children brought the fire under control after it had covered a large area, including some marsh and wood land.

Adolph Schaefer Milwaukee paid \$13.50 in speeder court for running his car 38 miles an hour on Chur. hill and School-sts. This was the only conviction of traffic violators during the week.

Madson and Hazensle are in great shape for their wrestling match at the armory on Wednesday night. Cow Boy Madson has been doing eight to ten miles road work daily and Hazensle needs but little work, due to the recent matches he was in. Summer programs are being arranged for outdoor sport. Golf club officials have been active in preparation of the grounds and have engaged a keeper to take care of them. Play will commence about the first of May. The Tennis club, at a recent meeting, laid plans for opening court and club house in the near future. The club improved the court last year and added another court. Baseball activities are not developing as fast as some other sports and just what will be done is uncertain at this time.

RIVER SHANNON WILL RUN IRISH FREE STATE MILLS

Dublin—In addition to the project for harnessing the River Shannon for the generation of electrical power for the Free State, which has been entrusted to a German firm, plans have been placed before the Free State parliament for the utilization of the River Liffey, which runs through Dublin.

Objection has been made on the ground on the fact that plans under contemplation would result in spoiling the famous salmon leap at Lelship and the falls of Poulaphuca, both beauty spots. At Poulaphuca, 5,400 acres would be flooded and eight square miles of County Wicklow would be submerged. The destruction of scenery aspect, however, has not greatly impressed the parliamentary committee.

MICHIGAN FIRE FIGHTERS PATROL FORESTS FROM AIR

Lansing, Mich.—Aerial forest fire patrols will be tried in Michigan next year for the first time. The state conservation department has decided to experiment with planes in the northern part of the lower and upper peninsula during the dangerous season.

It is planned to employ small machines with a 25-foot wing spread, which can be landed readily. The pilots will cooperate with observers in the state's 125 observation towers. From central points the planes will swing out each day on 500 or 600 mile loops over the forests. If a blaze is discovered they will fly to the nearest of the observation towers and drop a message to the fire warden. It is claimed that forest fires are visible on clear days, 40 miles from an airplane.

STAGE And SCREEN

DIX A STAR IN GREAT PICTURE

All who enjoy real fast-moving action-drama will be right in their glory when Richard Dix's first Paramount starring picture, "Manhattan," opens at the Appleton Theater on Friday and Saturday. The story is an adaptation by Paul Sloane and Frank Tuttle of the novel, "The Definite Object," by Jeffery Farnol. The star has the role of Peter Minn, whose great-grandfather purchased the island of Manhattan from the Indians and Peter is all for giving it back to them. "There might be some life in the old town then," says he.

You take it from this that Minn is slightly bored with life. He is just that—a millionaire bachelor who has everything in life except that which he craves most—action, adventure, a definite object, something to live for, to strive to be worthy of. He finds action-plus in New York's Hell's Kitchen and a definite object in the beautiful sister of a youthful yegg whom he befriends.

Here's a role that suits Dix to a "T." Jacqueline Logan has the leading feminine role opposite the star. Gregory Kelly, George Seligmann, Gunboat Smith also have important parts. Oscar Figman, Edna May Oliver and Alice Chaplin complete the cast. R. H. Burnside directed.

If you liked Dix in "Unguarded"

Women, "Sinners in Heaven," etc., see what you think of him in "Manhattan," a story all his own.

LATEST MAE MURRAY PRODUCTION DAZZLES

Presenting the popular Mae Murray in the interesting roles of two sisters, "Fashion Row," a Metro picture, will be shown at the Elite Theatre Thursday and Friday. As a Broadway actress who marries into an old aristocratic family, Miss Murray has the opportunity to wear endless stunning gowns and delight Murray fans with the Murray dances, while the role of a plain little Russian peasant girl who comes to America to find her sister is of striking contrast. There is also a Russian out of the actress' past, who seeks revenge for a scarred face and soul she left him, and exciting events transpire that will thrill every spectator.

Earle Fox, Freeman Wood, Elmo Lincoln and Mathilde Brundage are importantly cast, and the production was directed by Robert Z. Leonard, director general of Tiffany productions, of which M. A. Hoffman is general manager. "Fashion Row" was written by Sada Cowan and Howard Higgin and photographed by Oliver T. Marsh. Horace Jackson was art director.

THE PRICES OF PLEASURE

"The Prices of Pleasure," Universal Jewel, co-starring Virginia Valli and Norman Kerry and showing for the last time today at the Elite theatre, is a story of decided contrasts and one of great dramatic intensity for the most part, although a vein of delightful comedy runs through it. Miss Valli, cast as a shop girl who, through a rather unconventional meeting with a young millionaire, portrayed by Kerry, gains her most fervent desire. The supporting cast includes Louise Fazenda, T. Roy Barnes, Kate Lester, James Fawcett, Marie Astaire and James O. Barrows, Edward Sloman, directed.

HELENE CHADWICK
IS FINE ACTRESS
Helene Chadwick achieves a real triumph in the screen version of Ethel M. Dell's popular story "Her Own Free Will," which the New Bijou theatre is offering today and Thursday.

It is no news when we say Helene is charming for she always has been, but we can say she is at her very best as Nan Everard the self-willed, impulsive, yet kind-hearted girl who married for money in order to save her father from bankruptcy. We didn't blame her husband for refusing to release her when she said her marriage was a mistake for she is a regular girl, one with brains and spirit enough to do what she thinks

is right and then do an "about face" when she realizes she is wrong. To get the divorce, Nan goes away with Jerry Lister, a childhood pal, whom she never doubts. She learns with bitterness that Jerry is not half so decent as her stern husband whom after all, she has treated rather shabbily. It is the conflict of wills between Nan and her husband that makes the picture so gripping.

The cost is small but most competent. Holmes Herbst is excellent as the stern husband; Allan Simpson is good as Jerry and praise is also due George Backus as Nan's father and Violet Messereau as her sister. "Her Own Free Will" is our idea of real entertainment. Paul Seardon directed and Gerald C. Duffy made the screen dramatization.

3 NEW ALDERMEN SENT TO COUNCIL

Design with the result that considerable interest was aroused. Fiedler carried both precincts in his ward and piled up a lead of 96 votes over the present alderman.

The election marked the passing of J. O. Hansen from the council. Hansen has been an alderman from the First ward since the return of the present form of government. Terrific opposition to him arose in his ward in the last year and he decided not to be a candidate for reelection. J. G. Thomas and Mark Catlin were winners over a big field in the primary election. Catlin receiving the largest number of votes.

The new council now will be composed of the following aldermen:

First ward—Mike Steinhauer and Mark S. Catlin.

Second ward—C. D. Thompson and Philip Earle.

Third ward—C. F. Smith and George T. Richard.

Fourth ward—R. F. McGilgan and Werv Callahan.

Fifth ward—Charles Foss and Wm. Hassman.

Sixth ward—Robert Zilke and J. H. Fiedler.

Fiedler has seen service on the council prior to adoption of commission government and again after aldermanic government was restored. Catlin has had extensive experience as a lawmaker, serving in the state legislature.

Following is the vote for aldermen in the wards:

TAXPAYERS STORM COUNCIL MEETING

Large delegations of the First, Third and Fifth ward taxpayers are expected to appear before the city council Wednesday night at its adjourned session to lodge protests against the installation of 30-foot radii at street intersections that will be paved in 1925. The council will meet at 7:30 on election Tuesday.

Bids on furnishing the two junior high schools and for the paving of eleven streets also were scheduled to be read, but as the delegation of taxpayers intends to request a delay in paving this matter probably will be held over.

THIEVES LEAVE KAUKAUNA MAN WITHOUT HIS AUTO

Warning—

Kalsomine is not Alabastine
—There Are Important Differences!

- 1 Alabastine covers more wall space pound for pound than any other wall finish.
- 2 Alabastine never rubs off if properly applied. Yet, when it is time to renew the wall finish, Alabastine washes off perfectly.
- 3 It mixes easily, quickly, with cold or warm water, and the only tool needed to apply is a good broad brush.
- 4 You can select Alabastine in white and all tints. Moreover, you can be absolutely sure that you will get the exact Alabastine tint or color you select. Alabastine eliminates guesswork. Every package is labeled and numbered—a double check-up with the color card.
- 5 Alabastine walls are much more economical than wall paper or paint. Also sanitary and durable, as well as beautiful.
- 6 You may be offered bulk kalsomine or package substitutes for Alabastine at a few cents less—but would you take skimmed milk in your coffee when you could have cream at approximately the same price?
- 7 Do not be misled by substitutes. Some come with fancy names. Some in fancy packages. But none are Alabastine. You can get Alabastine results only when you use genuine Alabastine. Genuine Alabastine comes in a trade-mark package with cross and circle printed in red.
- 8 Ask your dealer for an Alabastine colorcard or write Miss Ruby Brandon, the Alabastine Company, Grand Rapids, Mich. Then you won't have to be disappointed by using kalsomine or a package substitute.

Ask your dealer for Alabastine—No package genuine without the cross and circle printed in red.

CHICAGO TENOR IS PROMINENT IN EASTER ORATORIO

B. Fred Wise Will Sing Most
Beautiful Solo of Any in
Festival Next Week

"In Native Worth," one of the most beautiful solos of the "Creation" oratorio by Haydn is to be sung by Fred B. Wise of Chicago, prominent tenor, during the Easter community festival program at 8 o'clock Sunday and Monday evenings at Lawrence Memorial chapel. Admission is free to the public Sunday night but seats may be reserved for Monday evening at Bellini drug store at an admission fee only sufficient to cover expenses.

Mr. Wise is not new to Appleton people. He sang here during the Christmas musical festival in December, appearing in solo parts several times. His work was highly pleasing to the audience and he revealed a voice of rich tone quality. The other soloists who appear with him are Helen Fouts Cahoun, soprano, and John T. Read, bass, both of Chicago.

WRITTEN IN 1796
Appleton's community chorus of 250 voices has undertaken one of the most outstanding sacred musical productions of history in presenting the "Creation." The oratorio represents the great life work of Joseph Haydn. He started it when he was 65 years of age and devoted two years to its preparation. He worked slowly because he wanted the oratorio to last and the fact that it was written in 1796 shows how immortal it has become in musical annals.

The oratorio opens with an overture representing chaos and as it unfolds the effect illustrates the "Spirit of God Moving upon the Waters." The entire chorus and orchestra burst forth in sonorous response to the fiat of the Creator, "Let There Be Light." The numbers which follow interpret the story of the world's Creation, depicting the rage of Satan, the beauty of the new earth, the bounteous sea, the creation of animals and the peace of the Garden of Eden.

THE BEST IN ART
It is said by critics that nothing which art contains can vie with the number which describes the creation of various animals.

A powerful and dignified aria, "Now Heaven in fullest glory Shone," introduces the creation of man. The chorus is completed in an exquisitely beautiful aria, "In Native Worth," which Mr. Wise will sing. The aria's second part is full of tender beauty in description of the creation of Eve. It closes with a picture of happiness of the newly created pair. A brief recitative, "And God Saw Everything that He Had Made," leads to the chorus, "Achieved is the glorious work." The latter is a fugue of great power, superbly accompanied by orchestra, piano solo and organ. It is interrupted by a trio, "On These Each Living Soul Awaits," but soon returns with still greater power and grandeur, closing with a gloria and hallelujah of magnificent proportions.

Those who intend to hear Monday night's program are asked to reserve their seats by Thursday night of this week. Two selections by the 25-piece orchestra under direction of Percy Fullinwider will be an extra feature Monday.

BRIARTON YOUTH KILLED BY TRAIN

Alton Stark Fatally Injured
When Train Hits His Car
at Cleveland

Alton Stark, formerly a resident of Briarton, was fatally injured in an automobile accident in Cleveland, Ohio, Saturday, when the automobile which he was driving crashed into a freight train. It is said that the young man did not see the flagman's signal. The train struck the center of his car, a coupe, wrecking it completely.

Stark was thrown through the windshield and was caught on the cow catcher and dragged 50 feet before the train was stopped. He was taken to a hospital where it was found that his right leg broken at the ankle and knee, his left arm broken at the elbow, his collar bone broken and his body badly bruised. He died Monday morning.

Stark was 29 years old and lived in Wisconsin most of his life. He left for Cleveland seven weeks ago. He is survived by his father, Joseph Stark of Cleveland, three sisters, Mrs. Jake Holman of Columbus, Wis., Alice of Chicago and Vivian of Cleveland, Ohio; four brothers, Clarence of Los Angeles, Calif., Frank of Detroit, Mich., Harold of Waco, Texas and Joseph.

CITY WILL TAKE BUMPS
OUT OF S. CHERRY-ST

R. M. Connelly, city engineer, will see that Cherry-st bridge does not lose its popularity for traffic because of the rough condition of the road at the south approach. He declares that a city crew will be put at work there at once to level off the road.

Many motorists have been using S. Onondaga bridge and the "Potters" route the last few days because S. Cherry-st bridge was too rough. The road was especially bad where it joined the bridge at the south.

Mr. Connelly said he was not aware that the road had become so rough but said he would remedy it at once.

Outagamie county's promptness in responding to the relief of tornado sufferers of Illinois and Indiana drew from the American Red Cross a letter of commendation which has been received by P. M. Conkey, treasurer of Outagamie-co Red Cross chapter. Four more contributions have been received by the chamber of commerce toward the fund bringing the total to \$1,018.27.

The letter received from William M. Baxter, Jr., of the Red Cross staff says in part:

"The response from Red Cross chapters and your prompt remittance is making possible the continuance of relief and rehabilitation work during the months that are to come. In this work it will be our objective, as your representatives, to reestablish all tornado sufferers to normal life. Many of these unfortunates are still overcome by the loss of relatives and friends, hundreds still lie in hospital wards, and thousands are facing the problems of rebuilding ruined homes. It is in their behalf we send you this expression of gratitude and sincere thanks for your contribution."

Contributors not reported previously here are Joseph L. Fischer, the Rev. Th. Brenner, Mr. and Mrs. John Graef and a friend.

CONGREGATION VOTES TO REDECORATE CHURCH

John Schobler was reelected vice president of St. John congregation at the annual business meeting Sunday. Other officers elected were: Louis Lettman financial secretary, and George Krueger, trustee. The congregation decided to redecorate the interior of the church and have the work of the outside painted. Albert Krueger was chosen to represent the congregation at the annual conference in June in Milwaukee. Charles Roehl will act as alternate.

Would Shut Down Gas Works

"My stomach has been so filled with gas for the last three years that I felt I could pretty nearly supply our town. I also had frequent pains in right side in region of the appendix. Doctors didn't help much. One day my neighbor told me about what Mayr's Wonderful Remedy had done for him and I got a bottle of our drugist. I can say that it will do all and more than you claim for it." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all drugists.

The Weather

WEATHER FOR WISCONSIN
Generally fair in north and central portions; probably showers in extreme south portion beginning tonight or Thursday. Not much change in temperature.

GENERAL WEATHER
Low pressure area over the south-western plains is causing scattered showers in the Missouri and Arkansas valleys. High pressure has over-spread the Lake region again from the northwest with generally fair weather and moderate temperatures. This high pressure appears to be sufficiently strong to move the showers away from this section, so that generally fair weather and moderate temperature may be expected here tonight and Thursday.

ONLY TWO MINOR CALLS FOR FIRE DEPARTMENT
With only two minor alarms sounded Wednesday morning, business at fire station No. 1 took quite a slump as compared to the grass fire rush of the last two weeks or so. Ashes dumped in the ravine at the rear of Gloudeeman-Gage Co. store ignited rubbish about 8 o'clock and a hose company was dispatched there to extinguish the blaze. Another call about 11 o'clock took one hose company to Riverside cemetery, where a grass fire had started.

FRIEDA HEMPEL CANCELS NEENAH ENGAGEMENT

Neenah—Frieda Hempel, the famous singer, has cancelled her engagement to appear in concert in Neenah April 13. It has been announced. Mme. Hempel has cancelled all her Wisconsin engagements. Mme. Dorothy Sherman Torchiana the distinguished lyric soprano, has been secured to sing in Hempel's place. Reservations now are being made for this attraction.

POSTPONE HEARING OF MEN HELD FOR SPEARING

Neenah—The case of the state of Wisconsin vs. William Brethauer and William Miller, which was to have been heard in Justice Baldwin's court Wednesday morning, has been postponed to 10 o'clock April 15. Inability of D. K. Allen, district attorney, to be present, is the reason for putting the case over for a week. The two men were arrested on a charge of spearing fish during the night-time.

COUNCIL WILL HOLD 2 MEETINGS THIS WEEK

Neenah—The city council will meet Thursday evening for the purpose of canvassing the vote of Tuesday's election. It will meet again on Saturday evening to seat the two new members and organize the new council.

THREE CARS COLLIDE

Menasha—William Syring, 313 Broad-st, driving a sedan, made a left turn in the public triangle Tuesday evening and struck a sedan driven by Frank Grupp of Neenah which caused him to strike a car, driven by Paul Laemrich. All three cars were damaged, but no one was injured.

CHRISTOPH DECLINES ELECTION AS JUSTICE

Neenah—George Christoph who was elected justice of the peace in Tuesday's election, in Neenah, will not accept the office. Mr. Christoph was not a candidate but was written on the ballot. The city has had only one justice during the last two years and will get along with one again. Mr. Christoph said one justice was enough for Neenah and therefore would not consider the "honor" his friends had wished upon him.

HIGH SCHOOL ATHLETES START WORK NEXT WEEK

Neenah—Workouts in baseball and track at the high school will start soon after school resumes next Monday. Team leaders will be selected by Coach Christoph who will open a training camp. The baseball team is about organized as most of the players of last year's team still are in high school and will go into the positions they held a year ago.

CELEBRATE ANNIVERSARY

Neenah—At the request from the G. A. R. members, Mayor George Sande will issue orders to the people of Neenah to put out the flags Thursday in honor of the sixtieth anniversary of Lee's surrender to Grant.

NEW DRIVER RUNS OVER MAN WHO SOLD HIM CAR

Neenah—Harry Farnakes was painfully but not seriously injured Tuesday afternoon when he was knocked down by an automobile near the Bergstrom paper mill. Mr. Farnakes had just delivered the car to a customer who was learning to operate it. He was standing beside the car when it suddenly backed up and he was knocked to the pavement. No bones were broken.

BLAZE IN HOLLOW TREE SUMMONS FIRE FIGHTERS

Neenah—The fire department was called twice Wednesday morning to the Gavin Young summer home on the lake shore to extinguish a fire inside a hollow tree. The blaze had started in the trees from a grass fire. The first call was at 6 o'clock and the second was at 8 o'clock.

NEW BAND GETS READY FOR ITS FIRST CONCERT

Neenah—The Twin City band held another rehearsal Tuesday evening in Neenah city hall auditorium. There are now thirty members of the new band under the leadership of Edward Mumm of Appleton. An open air concert will be played as soon as the weather permits.

GARAGE ON FIRE

Neenah—A fire was discovered in the garage of Henry Jung, Franklin-ave, Tuesday evening. Passersby noticed the blaze and called the department. The fire was extinguished before much damage resulted.

Silk Fabrics Popular For Spring Dress

New York—The new silks which will be exhibited next week seem likely to shine brilliantly in fashion's firmament for months to come. For when all is said and done the whirl of the sewing machine is almost as accustomed a sound in the American household as the sound of the radio or complaints about the furnace. And the new silks lend themselves wholeheartedly to home dressmaking.

Most of the silk fabrics are 43 to 52 inches wide. One breadth only is necessary for the front and another for the back of the up-to-date dresses. With the present vogue for the slim, straight, simple silhouette, it is a poor designer and needlewoman who cannot construct an attractive costume with such material to work with.

USES FOR BORDER SILKS

Many of the new silks are woven with a border and thus within themselves provide both material and trimming. Women now have learned how to use these borders. Their utility is not confined to the skirt hem. If such utilization is not desired, they need not be wasted, for they can be turned into scarfs or drapes for the baby grand piano.

Bolder colorings are due to supplant the pastel shades which many vendible trunks carried to the winter resorts. The blues, which went into temporary eclipse, have flashed back in stronger shades, like mid-night and royal blue. Emerald green is their apparent to the throne now occupied by blue, lettuce and almond. The real favorite is beige.

GARDENS YIELD PATTERNS

Designs are as varied as the wearers thereof. Artists have dashed into the greenhouses and botanical gardens and come out with whole bouquets of English posies on their sketch books which later have been transferred to the loom. The Alaska totem poles have done their bit for fashion and so have the evergreens and autumn leaves. But the most old mathematicians are responsible for the largest number of designs. Galileo with his circle and Euclid with his lines and angles have been responsible for designs which would drive an astronomer frantic.

Chiffons are going to be more extensively used than at any time in years and will form material for suits and tailcoats, as well as for the frocks of softer lines.

Adventures Of The Twins

MIDNIGHT OIL

"Have you got any Midnight Oil?" asked Mrs. Owl when Mister Peg Leg, the fairy peddler knocked at her door in Maple Tree Flats.

Munch Mouse, the janitor, had taken the little man and his friends Nanny and Nick (as tiny as fairies themselves in their magic shoes) up in the elevator.

Then he had hurried away again. Munch Mouse had, for he was afraid of Mrs. Owl with her great eyes and crooked back.

"Have you got any Midnight Oil?" asked Mrs. Owl when they were all inside her apartment, and Mister Peg Leg had started to unpack his wares.

"Midnight Oil," exclaimed Mister Peg Leg in surprise. "Why, I don't think I have—or rather, I mean I do think I don't have. But I have fans, and sun-bonnets and—"

"Sun-bonnets!" Sun-bonnets! cried Mrs. Owl. "The idea of trying to sell an owl sun-bonnets when we never go out in the daytime. Moon-bonnets would be more like it. Do you have any moon-bonnets for sale?"

"No," said Mister Peg Leg. "I don't think I have, I mean I do think I don't have. But I have picture-frames and soap and perfume and pickle-jars and fly swatters and—"

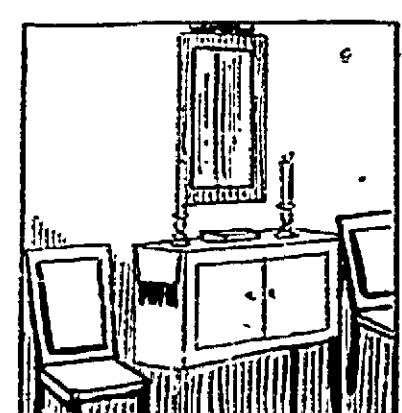

"I'll take a fly-swatter," said Mrs. Owl quickly. "They make good frog-bait and I like frogs. But are you sure you haven't any Midnight Oil?"

"Wouldn't any other kind of oil do?" asked Nanny. "Mister Peg Leg can get you some Elbow Grease. Mrs. Bunny just bought a great big jar."

"Elbow Grease!" sniffed Mrs. Owl.

Beautiful Hands Acquired Only Through Constant Care And Effort

BY MME GEORGETTE

The care of your hands begins with the washing, but it doesn't end there. Beautiful hands are not, like soulful eyes or a perfect nose, gracious gifts from kindly disposed gods. They are never accidental. They are the one attribute of loveliness that you never have unless you make the effort.

The story is told of a famous hostess who had a somewhat uncompromising face, but had beautifully shaped hands. She glorified her hands and made them so graceful and expressive by care and study that she gained the reputation of being a great beauty just because of them. They so fascinated the beholders that the attention was riveted there and the features were scarcely noticed.

HOUSEWORK AND HANDS

That may be overdrawn, I suspect it is. But we all know of women whose beauty has depended more on their hands than on their face. And does not the mere mention of the name of Eleanor Dore conjure up a vision of hands that were the embodiment of grace and poetry?

You can do all your housework and still have lovely hands if you protect them by rubber or loose canvas gloves when you are scrubbing, sweeping, dusting or engaging in anything that soils the hands.

You should always protect your hands from dirt whenever possible since it is not advisable to wash them more than is absolutely necessary. Too frequent washing dries the skin and injures the texture.

Never put your hands into hot water containing strong soap or washing powder without slipping on your rubber gloves.

If your hands are badly chapped smear them nightly with vasoline or cold cream and wear loose gloves all night. In a short time the texture of the skin will be soft and satiny.

Never use strong toilet soaps on your hands. Have a good mild soap and a nail brush with medium bristles that will remove all grime and soil from the cracks and crevices.

After each washing dry the hands thoroughly. One of the chief causes of rough, coarse looking hands is hasty drying which leaves them particularly susceptible to changes in temperature.

Lemon juice is effective in removing any stains, and should be rubbed into the skin after cleansing. A lotion of glycerine and rosewater after this will keep the hands soft and white.

A MASSAGE

Once or twice a week you should give your hands a massage with warm olive or coconut oil. Begin at the finger tips and massage each finger downward as if you were working on a close-fitting glove. Then extend this treatment over the wrist with the same short caressing strokes, rubbing in as much of the oil as your skin will absorb. Continue the treatment to the elbow and even up to the shoulder. Sleeveless gowns must be served.

If you have any tendency toward enlarged veins, be careful to make this massage very gentle. Enlarged joints frequently bespeak the pianist or the stenographer when they are not of rheumatic origin. To improve this condition manipulate the flesh about the joints so as to build it up.

If your hands are always cold, this is an indication of poor circulation and your physician should be consulted. Very moist hands indicate low vitality and a faulty diet for which again medical advice is the logical course.

In my next article I shall take up the manicure.

"I suppose that is to limber up their joints so they can hop better. Well, I don't hop. I don't need any Elbow Grease. Not unless it makes you wiser like Midnight Oil. No, I'd rather have Midnight Oil and if I can't have it, I don't want anything."

"What do you want Midnight Oil for, Mow?" asked Nick.

"What?" said Mrs. Owl. "It is this way. The other night I was sitting on a tree near a house where people were talking, and Mrs. Smith said to Mister Smith, 'Say, John, our son will soon know everything in the world if he keeps on burning the Midnight Oil.' So I want some to burn. Then I will know everything from Flip Field Mouse's hiding hole to Phil Frog's swimming hole. I don't have to waste so much time hunting."

"Ho ho!" exclaimed Mister Peg Leg. "So that's it! Why any kind of oil would do, Mrs. Owl, just as long as you burned it at midnight. That's the best time to study, you see."

"Oh, dear is that it?" cried Mrs. Owl. "That wouldn't do at all. I don't want a light, for I don't want too many people to know where I live. I thought it was a magic oil you took on a spoon. I guess the fly-swatter will be all today, thank you. Call again."

Teach Children "Jinglelay" Poems, Says New Writer

BY CYNTHIA GREY

Perhaps you are one of those belighted women who still teach their children the rhymes of Mother Goose. It may be that you are foolish enough to read them Robert Louis Stevenson's delightful verses about The Friendly Cow, and the Birdie With the Yellow Bill!

At least, Winifred Sackville Stoner thinks you are foolish if you do! She feels that a child should be taught physiology and other "ologies" with its nonsense rhymes instead of having its little head filled with tales of the cow that jumped over the moon, and the pobble that has no toes.

You probably remember Winifred Sackville Stoner as a child prodigy, not so many years ago. Newspapers and magazines printed stories galore about her. At the age of 4 she was making public speeches. At 12 her mother proudly declared she knew as much as a college graduate.

Now she's grown and has adopted three little children. She is teaching them Esperanto, the universal language among other high-brow things. And instead of nursery rhymes, these babies are learning some of Winifred's own poems, called "Jinglelays."

Here is one of them:

"Two active kidneys, a liver for bile, Folks with good livers always smile; Let's work our livers—make life worth while. Smiling and smiling a big smile."

Now, it's all very well to know that we have kidneys and a liver, but why should we be worried with the fact at the tender age of four or five? Sooner or later we find out all about them, anyway—just as we learn that it's our tonsils that give us sore throat, or our appendix that has to be operated upon!

Bo Peep and Peter; Peter the Pumpkin-Eater, are almost as real to children as the people around them—and almost as real as Santa Claus!

It seems to me a cruel and unwise thing to rob a child of these people from the Never-Never Land. And to give them verses about the livers and kidneys instead!

Look back at your own childhood. If you haven't a memory or two tucked away of sitting at mother's knee while she read you all about The Frog Who Would A-Wooing Go, or Jack and Jill, I am desperately sorry for you.

Just as I am sorry for the three adopted children of Winifred Sackville Stoner, who are reading their Mother Goose in Esperanto! Aren't you, too?

"Let's pretend," is one of the finest "pretend" once in a while even after we've phrases in the English language. It's not fair to starve a child's imagination by never giving it any of the fairy stories and the magic things that belong to childhood.

For we all need to say "Let's Pretend" up.

A detachable fur collar that lies with a satin bow is a feature of some of the new coats, making them practical for early spring and summer alike.

Red fox is much in evidence as a trimming for spring coats, it being particularly smart as banding about the hem.

SISTER Mary's KITCHEN

Breakfast—Stewed rhubarb, broiled bacon, fried eggs, creamed potatoes, twenty minute corn bread, syrup, milk, coffee.

Luncheon—Corn pudding, stewed tomatos, whole wheat bread, coconut rice cream, milk, tea.

Dinner—New England boiled dinner, creamed horseradish, endive salad with bacon dressing, steamed lemon pudding, graham bread, milk, coffee.

While children of four years of age should not be permitted to eat the corned beef of the boiled dinner they may have the vegetables that accompany the meat.

The eggs are cooked "jently" in the bacon fat from the broiled bacon. No cereal is planned for the breakfast menu but the corn bread and potatoes provide an adequate substitute. The acidity of the rhubarb is not particularly compatible with cream over a cereal.

TWENTY MINUTE CORN BREAD

One and one-fourth cups cornmeal, 2 tablespoons flour, 2 cups sour milk, 1 teaspoon soda, 1 teaspoon salt, 2 tablespoons sugar, 2 eggs, 3 tablespoons butter.

Mix soda, salt, sugar, cornmeal and flour. Slowly add eggs well beaten with milk. Beat vigorously and add 1 tablespoon melted butter. Heat an iron frying pan and add remaining butter. Turn pan to thoroughly oil bottom and sides. Turn in the batter and bake twenty minutes on the middle grate of a hot oven.

Serve at once with butter and maple syrup.

CORN PUDDING

One can corn, 3 eggs, 1 teaspoon salt, 2 teaspoons sugar, 1/2 teaspoon pepper, 2 tablespoons butter, 2 cups milk.

Chop corn and add sugar, salt and pepper. Beat yolks of eggs until thick and lemon colored and add to corn mixture. Soften butter and add. Beat whites of eggs until stiff and dry and fold into first mixture. Turn

into a buttered baking dish and bake twenty-five minutes in a moderate oven. Serve immediately.

COCONUT RICE CREAM

Table spoons rice, 3 cup ETAO AO Three tablespoons rice, 3 cups milk, 1/3 cup sugar, 1/2 teaspoon salt, 1 teaspoon vanilla, 1/2 cup shredded coconut.

Cook rice in 1 1/2 cups milk until soft. Add remaining milk, sugar, salt, vanilla and coconut and turn into a well buttered pudding dish. Bake 1 1/2 hours in a slow oven, stirring frequently at first to prevent rice from settling to the bottom of the dish. Serve warm or very cold.

TO CLEAN BRUSHES

To clean scrubbing brushes rinse them well in clean water and stand to dry on the side so the water will not settle into the wood. Do not shut up in a box or closet to dry, but keep in the open air.

SQUEEZE WATER OUT

Do not twist woolen materials when laundering them. The water should be squeezed out gently. Likewise wools should not be boiled or rubbed.

WASH MILK BOTTLE

As soon as you have emptied a milk bottle, fill it at once with cold water and leave filled until ready to wash.

SHOULD BE WASHER

Waxed or oiled cleaning cloths should be washed in soda solution occasionally and rinsed thoroughly.

CORNS

Lift Off—No Pain!

Don't hurt one bit! Drip a little "Freezone" on an aching corn, instantly the corn scope hurting, then shortly you lift it right off with fingers. Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot calluses, without soreness or irritation.

NEW TYPE OF SCARF

Here's a new type of scarf, that has much to recommend it. It is shirred into a narrow band in the center so that it gives the effect of a choker when wound about the throat. The ends are left free and wide and may be as voluminous and floating as they like.

Health Hints

REMEDY FOR HIVES

Mrs. Mann of Anytown learned an old-fashioned remedy for hives. The neighbor, who told her about the remedy, said it nearly always was a sure cure.

When these remedies do not cure use chloral hydrate, one dram; powdered camphor, one dram. Mix these together and then add to two ounces of vasoline or cold cream, and apply to the body once or twice daily, rubbing it in well.

Here's the remedy: Solution of common baking soda and water. One-half cup of soda should be dissolved in a basin of water. With this the spots should be bathed twice a day.

There are other remedies, Mrs. Mann learned. Cleanse the skin with soap and

water, then apply a lotion made of dissolving two tablespoonsful of borie acid in a quart of water, and adding a teaspoonful of starch. This is boiled all together, and applied when cold.

Appleton Assured Good Amateur Ball This Year

Former Members Of Homeplayers League Organize New Team

High School and College Men Sign to Play Baseball Under Colors of Beyer's Independents

Dave's Dots And Dashes

That Appleton will have baseball this year was assured on Tuesday when the second amateur baseball team organized within a week got started. The new team composed of high school and college players and stars of "Stormy" Kromer's 1924 Homeplayer League, will make state teams set to win a ball game. Chalmers already have been tested to state and city teams, especially the Fox River Paper Co., an old rival. The rivalry is intensified because they have the cream of Appleton's industrial leaguers and the cream of Kromer's homeplayers. The new team will be known as the Val Beyer Independents and games will be booked with amateur and semi-pro teams in the state. E. G. Schuler, 123 E. College, is manager.

John Schuler, one of the leading hitters of Kromer's loop for the last three years will captain the squad and perform at first base. Schuler has had several offers to play with state teams this year and was about to go to Manawa when the new team was formed. Second base will be taken care of by Eddie Femal, who held down the keystone sack for the Appleton Homeplayers last year. George Vanderloop, star of the Little Chute team in 1924, will cover the looking corner. He is noted for his whip to first. His throw cuts across the diamond on a bee-line and takes a good first baseman to stop its speed.

"Doc" Kolb, manager of the 1924 Reedsburg nine, will handle an infield job. The Reedsburg team was one of the best in the state last year, making Jimmy Dodge's crack Madison Blues team to win a game. They won more than 75 per cent of the games played. Buck Weaver, former Chicago White Sox star, was a member of the Reedsburg team.

Bend, Lawrence, fresh football player, will try for an infield or garden job. He comes highly recommended. Another boy expected to show the stuff in the infield is Cliff Courtney. Appleton high school all-around athlete. He is a flash on his feet and can cover 100 yards in 11 seconds. He should be the best man on the paths in the city.

Arnold "Arnie" Hillman, former all-around Grange athlete and a leading member of the local Homeplayers for the last three years, will hold down left field. John and Joe Mayeske, Homeplayers for the last two years and members of the strong Menasha Riverfronts, will play with the Independents. John will take care of right field and Joe will act as utility man and pitcher. He managed one of the local Homeplayers clubs last year. Another outfielder will be "Smiley" Fiend, halfback on Callin's 1925 state football champs. Negotiations have been begun with two stars of the Manitowish Aluminum Goods team. The boys expect to work here this summer.

The battery will consist of Stegeman and Ashman. Stegeman starred for Kromer's Kaukauna crew in the Homeplayers and Wisconsin State league the last few years. He put up a great hurling exhibition against the Appleton Leaguers last year. Ashman, an Appleton product, left the Fox River team to play with his old league teammates. His services were in great demand this year. He handles the bat mit with the best of the valley talent and is a valuable addition to the independents.

HIGH SPEED FOR RACING MOTORBOATS THIS YEAR

Detroit.—The greatest speed test of all time, so far as power boats are concerned, is anticipated when Commodore Car Wood and a French driver as yet unnamed, match skill and craft on the Detroit river for the Harmsworth trophy. When the trophy last was defended, Wood was prepared to show a speed of between 55 and 60 miles an hour. The speed was not necessary, however, for his opponent met with mishap and sank before the race was completed.

That was in 1921, and Wood's Miss America II, which had developed more than 50 miles an hour in official trials, never has been beaten since. A new craft of the hydroplane type, powered as was Miss America II, with four Liberty motors of 12 cylinders each, probably will be built for Wood to defend the "B. I. T." as the Harmsworth trophy is designated.

Since the deed of gift covering the gold cup trophy has been revised to limit competition to craft of the runabout type, the British International Trophy is the only remaining event that gives free rein to contestants seeking speed records. The gold cup went back east last fall for the first time since 1915.

Wood first won the Harmsworth at Cowes, England, in 1920, and successfully defended it in Detroit in 1921. Whether he can make it three straight victories is a feat so far unaccomplished by any other American power boat racer, is a question being discussed by his local supporters.

Wood's defender in 1921 was a single step hydroplane. Since that time, however, he has obtained the patents on multiple step hydroplanes, and it is known he plans the fastest craft that ever has skimmed the surface of a racing course. The committee in charge of the local regatta is making tentative plans for a three-day contest, under the rules governing the "B. I. T." a contesting country may enter several boats and must win two heats to lift the trophy. The heats will be from 20 to 40 knots, to be decided by the racing committee.

Baseball will show some fireworks in Appleton in spite of the fact that no professional ball will be seen here. Last week the Fox River Paper Co. organized a team and now a group of old Homeplayers are in the field, pitting the class of the city in amateur ball against each other. It will be industrial stars vs home player stars and oh, what a rivalry! Both teams are already issuing city championship challenges and are hot on the other's trail. The new team claims that a game could not be scheduled with the other group last year because of "cold feet" and Manager Baetz of the Papermakers refutes this. He says he will "beat that gang in a workout for my team" any time, the sooner the date is set the better. Go to it boys, let's show 'em that this city always will have a "real brand of ball. We're with you both!"

Just a clipping from the Sheboygan paper, where the Mathews and Leagon staged a free-for-all fight in the first game of the city cage championship. Cub Buck refereed the next game. This is what was said:

The officiating of Cub Buck was about the best seen at any game in Eagles hall this season. He kept the players working at top speed and gave few opportunities for unwarranted fouling. There was no chance for argument on either side.

Barofsky, the former Marinette High footballer, is turning up some gridiron in spring practice at Wisconsin, according to reports from Madison. It is said that Little is pretty sweet on the Marinette product and, if he can clear his "cons," Barofsky has an inside track for varsity quarterback.

The Neenah American Legion post is going to stage an athletic carnival on April 17. A number of feature events are on the program. The tug-of-war is billed as one of the top-notchers. Teams from many districts in this part of the state will pull away against others for the war vets championship.

Korthals, who guarded the initial sack for Kaukauna last year while Eddie Stumpf was acting as master of ceremonies for Stormy Kromer, has landed a job with Merrill. Stumpf always rated the youngster pretty highly and evidently figures that Korthals can hold his own with the Lumberjacks.

If we were as lucky in picking sport winners as in politics, tournaments would have to be played, all that would have to be done would be to read this column and award the prizes. We now have a perfectly good nicker cigar coming from Carl the Percell Puffer as a result of Tuesday's vote. Oh, our judgment improves with age. We'll pick winners in every sport with ease in 1925, as the radio songbirds say.

Looks like a big tennis season for Appleton. Clubs are being organized all over the burr and city competition matches are being scheduled with the Menasha Oshkosh, Kaukauna and Seymour groups.

NEGRO SPRINTERS SETS ANOTHER WORLD MARK

Detroit, Mich.—For the second time within two weeks Dehart Hubbard, Negro sprinter of the University of Michigan and Olympic running broad jump champion equalled a world's indoor record when he ran the 50-yard dash at the Michigan A. A. U. relay carnival Tuesday night in 5.15 seconds.

On March 23, last in the Michigan Cornell dual meet at Ann Arbor, Hubbard equalled the world's sixty yard dash record. A new world record was set in the 50 yard high hurdles by Ivan Riley of the Illinois Athletic club. His time, 6.2 seconds, was said the best previous time on an indoor dirt track for this event, in which there were four hurdles.

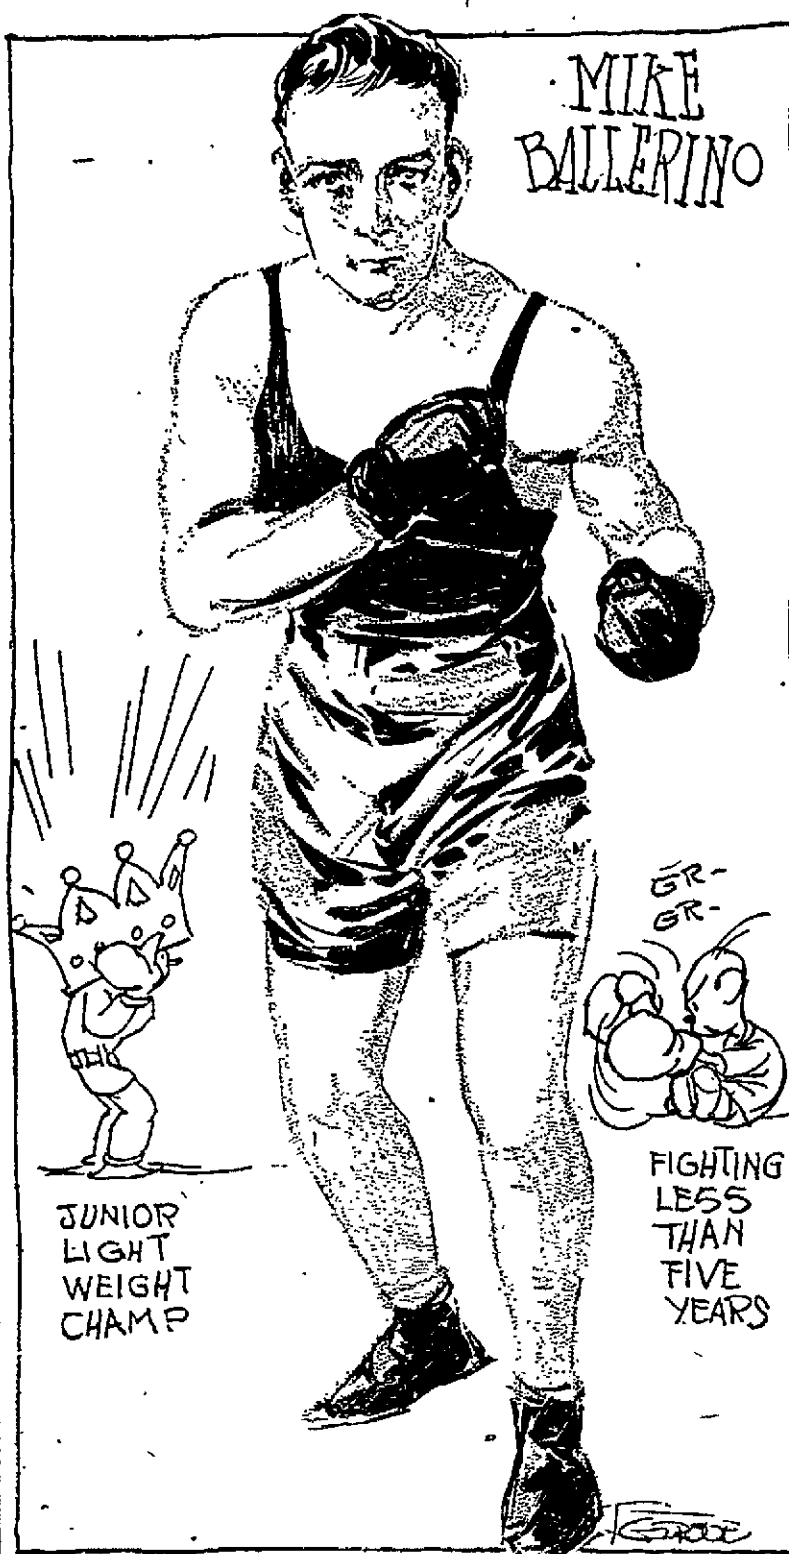

Peavo Nurmi and Willie Ritola won the 2,000 metre and the 5,000 metre events respectively, in 8.04 time.

LEAR SIGNS TO PLAY WITH KENOSHA TWIN SIX NINE

Racine—King Lear has been signed as the fourteenth member of the Kenosha Twin Six baseball team and will play against Racine in Wisconsin State league games this season. Lear is a star and has been placed as his playing is of a stellar nature and he is so peppy that there is always excitement when he is on the diamond. Lear batted .323 with the Nash Motors last season. He is to join the Twin Sixes at Hot Springs, Ark.

governing the "B. I. T." a contesting country may enter several boats and must win two heats to lift the trophy. The heats will be from 20 to 40 knots, to be decided by the racing committee.

He's New King Of Junior Lightweight Sector

Here's the new junior lightweight champion—Mike Ballerino of Bayonne, N. J. He came into top honors the other night by handing Steve (Kid) Sullivan, the title holder, a neat lacing over the 10-session route at Philadelphia.

Ballerino, an outsider in the betting, had the better of the going all the way, his rushing fight proving puzzling to Sullivan. The newly-crowned king has been in the ring less than five years, but has improved rapidly.

CAVENY, FONSECA PLAY GOOD BALL AT ORLANDO

Orlando.—Jimmy Caveny during the 1923 season was one of the best shortstops in the National League, a sensation.

Last season Jimmy Caveny, in spots was the star of 1923, at other times his work was erratic. His letting down hurt the Reds.

At the close of last season the Cincinnati club asked for waivers on Caveny, also Louis Fonseca, substitute first baseman.

Such action on the part of the Reds was a surprise. The fact that both major league clubs waived on these two players of known ability was an even greater surprise.

Detroit for a time considered making a deal. Cincinnati made overtures for Johnny Neum, first baseman. It fell through.

Caveny and Fonseca are with the Reds this spring. They look like anything but players on whom both major leagues would waive.

Jimmy Caveny appears the great shortstop that he is. He reported 12 pounds lighter than at any time last year and goes about his work with a seriousness previously lacking.

"I intend to show up these managers who waived on me and make them all look foolish," is what one gathers from Caveny's expression and play.

Manager Hendricks is frank to admit that in hoping for better things for his club he is banking strongly on Jimmy Caveny playing up to his 1923 standard.

When pressed for a reason for the asking of waivers on Caveny and Fonseca, Manager Hendricks simply says:

"It's a common thing to ask for waivers in baseball, nothing unusual. Often such a procedure works to the advantage of player and club. That is what has happened here."

SKATING—ARMORY "G" WED., SAT., SUN.

HANSEN HEADS 1926 CAGE HOPES AT OSHKOSH HIGH

Oshkosh.—The 1925-26 basketball team of the High school will be captained by Kenneth Hansen. Hansen played a stellar game at guard this year with Captain Elmer, and this year's season and a little hard work next year will make him one of the leading guards in the conference. Previous to the local tournament, Hansen sprained his ankle and the injury forced him on the sidelines until the last game or two of the meet.

OUTLOOK IS BRIGHT Prospects for next year look bright. Four and possibly five seasoned veterans will be in school, around which to build a team.

Hansen and Ingelhart, both of whom gained considerable experience this year, will be eligible for the two guard positions. Roe will make a good man at forward and Schroeder, also of this year's team, will back for the pivot position. Schroeder will face stiff opposition from a student who recently entered school from Montana and who claims to have been all state center in Montana.

In addition there were a number from this year's squad who will bear special watching. Then there will be the usual influx of new candidates.

W. U. SPECIALS WIN FIRST BALL GAME FROM INDIES

Handicapped by a lack of practice and the loss of J. Giffin, star third sacker, the Western Union Specials put up a fine exhibition of baseball to down the West Indies nine Sunday afternoon in a hard battle at the S. Outagamie ball grounds. The final score was 6 to 3. The game was the first of the season for both teams.

The Specials are working hard every night and are rescheduling a number of hard games. Another game will be played at the S. Outagamie stadium on Sunday.

RACINE STATE NET CHAMPS PREPARE TO DEFEND TITLE HERE

Belle City Volleyballers Have Lost Only Five of Seventeen Sets This Season

Racine.—The Jacobson Y volley ball team of this city, holder of the Wisconsin title for the past three years, will defend its honors by entering the state championship tourney at Appleton on April 25. The only change made in the personnel of the team since 1922 when it first won its state honors is the addition of Dr. Stanley Howe, who played with the outfit years ago and who gives the team new strength. Those on the team, now follow: John Addison, John Allen, Stanley Howe, T. W. and J. A. Jacobson, Charles Jandl, captain, Ted Johnson, F. C. Rogers and Al Wright.

MAKES FINE RECORD The Racine team has made a wonderful record since the first of the year. The following sets have been won: Two sets from Milwaukee; three sets from Waukegan; one set from Gary, Ind.; one set from Madison, one set from Rockford, three sets from Waukegan, and one set from Milwaukee. The losses follow: Two sets to Milwaukee, one set to Gary, Ind. two sets to Chicago. This gives the team a good percentage of victories.

The Jacobson Y team won the Milwaukee district title in a pre-tourney match with Milwaukee on Saturday. There has been keen rivalry between these two clubs for years past, Milwaukee giving the locals some of the stiffest competition they have run into. Racine took three out of the five sets in the district competition.

WAUKESHA IS DEFEATED Milwaukee won her way into the finals by defeating Waukesha in the afternoon in a hard fought match while Racine took the Milwaukee Y seconds into camp.

Milwaukee and Racine will both be contenders for the Wisconsin title at Appleton. Racine has won two sets from each other during the present year. A final match was

OSHKOSH NORMAL TO HAVE STRONG BALL NINE THIS SEASON

Sawdust City Basketball Stars Expected to Do Good Work on Diamond

Oshkosh.—Baseball practice has opened at Oshkosh Normal school and with all but four regulars from last year back in suits in addition to new material, prospects are bright for the team to end the season near the top of the list.

A strong infield and outfield appear probable from the early season outlook. Coach R. M. Kolf will have to develop a short stop and a left fielder, but aside from that, old men are back to fill all fielding positions. Captain George Jensen, Oshkosh, will probably hold down first base, with Fred Lackbarth, Oshkosh at second, and Rudolph Frankard, Menominee, Mich., at third. All show classy fielding and if a short stop can be developed to match their stride, a tight infield may be expected as the season develops.

Robert Williams, New Richmond and Milton Wilson, Oshkosh, last year's strong outfielders, assure strength in that branch.

For a battery, Coach Kolf has two old men back in addition to some prospective material. Jack Nussbaum, Oshkosh, one of last year's regulars, will probably twirl in most of the games, unless a star is uncovered among the new men later in the season, while Henry Jensen, Oshkosh, also a member of the 1924 squad, will do the receiving.

Coach Kolf developed a winning team last year and a championship basketball team for the season just past, and followers of the baseball at the normal school expect another winning baseball team this year.

While the schedule for the season is not complete, several games have

played by these clubs on the local Y floor, Tuesday evening of this week. The Racine team has never been stronger than it is at present, according to J. A. Jacobson, business manager.

FONDY AFTER BALL GAMES WITH VALLEY HIGH NINES

Fond du Lac—Neenah high school authorities have written asking for two games in baseball with Fondy and the dates will undoubtedly be grabbed up. East Green Bay also wants to play Fondy. The Fruthmen will undoubtedly play both of these schools, as Manitowoc has temporarily dropped baseball for track. The Shipbuilders have a brand new cinder path in their school stadium and they are going in heavily for track this year. Baseball will probably be resumed next year. Sheboygan, one of Fondy's old baseball rivals, is undecided whether or not they will have baseball this year.

Unless Oshkosh decides to play Fond du Lac High will probably have four games in baseball, two with Neenah and two with East Green Bay.

Teen arranged. They include St. Norberts college, two games; Milton college, Whitewater normal, two games, and Milwaukee normal, two games.

Rickenbacker A CAR WORTHY OF ITS NAME

Performance

Why is it, that you can drive a Rickenbacker "Six" at 50, 55, or 60 miles per hour for hour after hour, day in and day out, and never over-heat the motor, burn out a bearing, or seize a piston?

You know you can do this, because Cannon Ball Baker has been doing it right along in his sensational feat of breaking the trans-continental, the "Three Flags" and other long-distance records.

Tell you:— Steam turbines in large ships; Dynamos in electric plants, turn up 30,000 to 40,000 "revs" per minute.

Do it 24 hours a day—several days at a stretch. That is possible because there is always a thin film of oil between the rapidly revolving shaft and its bearings.

Always!—because, if for a second, that vital film of oil were not there, the bearing would run hot—and the whole thing go to pieces.

That oil film is kept always the same by a pressure of 150 pounds or more—pumped positively to each bearing.

And that is just how it is done in the Rickenbacker.

In this case, the maximum speed of the crank-shaft is 3500 R. P. M.—at which the car is going 70 miles per hour; 50 pounds pressure here, is equivalent to 500 in the other case.

This force pump—this lubricating system—guarantees you that precious film of oil all the time so long as there is any in the reservoir.

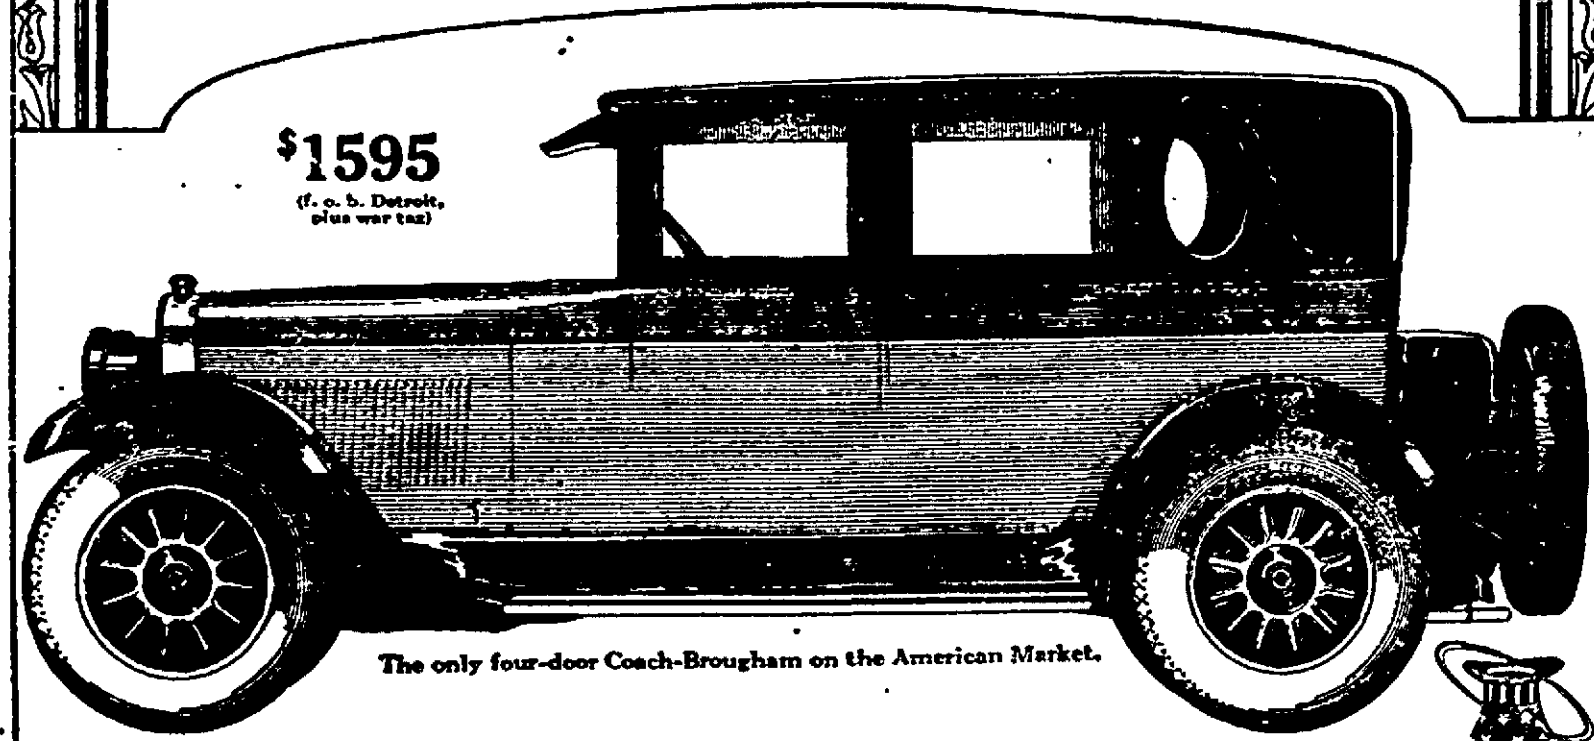

Sustained speed—full power with open throttle, hour after hour—is possible only when the motor has a perfect system of lubrication.

This is only one feature in which the new Rickenbacker is supreme. Drive this Rickenbacker Six yourself—it will be a revelation to you.

Flu Flattens Ruth And Keeps Him Out Of Yankees' Lineup

New York Slugger Probably Will Be Unable to Start Season—Hauser Lost to Mack's Athletics

By Associated Press
New York—Injury and illness, which have left the ranks of the National league teams depleted, now have set upon those of the American. The training season has exacted a heavy toll, and at least two great infield players, Walter "Rabbit" Maranville of the Chicago Cubs and Joe Hauser of the Philadelphia Athletics will be out of the game for the greater part of the year.

Maranville, who was expected to become the foundation in the rebuilding season slid into third base only to come up with a broken leg. Charley Hollocher, has informed the Chicago officials that his first appearance may not come before mid season.

Hardly had the tears caused by this mishap had time to dry when Denver Grigsby, regular outfielder of the Cubs, suffered a broken collar bone. Jimmy McAuley, Los Angeles shortstop will endeavor to take Maranville's place, and "Twin Six" Arnold Stutz, Cliff Heathcote and Jack Miller are expected to guard the outfield until Grigsby can return.

In the loss of Hauser, Connie Mack suffered as serious a blow as was that received by Jack Hendricks of the Cincinnati Reds when the veteran Jake Daubert died during the winter.

Fred Heimach, a left-handed regular box man in the Athletics has suffered a dislocated shoulder.

Meanwhile, illness more serious than the previous attacks this spring, has put an end to Babe Ruth's appearances for the Yankees for the time being and he will be unable to start against Washington at the Yankee stadium next Tuesday.

Injuries are hampering the Giant's infield. Heinie Groh, third baseman, who has kept his feet against the most vicious batsmen, was unable to play in the world series last fall because of an injured leg and the youthful Freddie Lindstrom took his place. Now, with a new season at hand, little Heinie appears as strong as ever while Lindstrom and Frank Frisch are having trouble.

MARQUETTE HAS SPRING PRACTICE

Former Ripon Star Works Out With Marquette Gridders Under Murray

Milwaukee—With a bright sun looking down and weather conditions ideal, Coach Frank J. Murray of the Marquette university football team sent his 1925 gridiron candidates through the first spring practice held on the Hilltop in five or six years on the new stadium gridiron Tuesday. Almost fifty men were in uniform at the stadium while a dozen others have cost their lot with the track squad for the spring season. Another dozen or more who are likely candidates for the varsity are in the dental and medical schools and are unable to attend Tuesday or Thursday workouts.

COACHES HAPPY
Consequently Coach Murray and his assistants were cheered by the initial turnout and the fact that in getting the men down to actual work. The session opened with passing and receiving and with the kickers lining up for attempts at the uprights. Then most of the youngsters were grouped into impromptu eleven and run through simple formations.

It was evident that Coach Murray will center his attention in the spring workout on this year's freshman crop, and it will be a big task for the Golden Avalanche staff to comb over the material and trim it down for varsity use.

Coach Murray is making no secret of the fact that there are varsity members of 1924 who will have to look to their laurels next season.

DUNN AT QUARTER
The first "pick-up" backfield lined up by Coach Murray and Cornie Dunn, young brother of Red Dunn, at quarterback; Joe Leary, unusually promising youngster from Janesville at fullback, and Billie O'Neill and Jimmie Goggin at the half positions. Leo Ryan, former Marquette High and Milwaukee Normal performer, was present. 200 pounds and all, at the center post.

Among other on the various makeups were Leary, L. Black, Ripon; Kamba, fullback, Marinette; Roy Buck, center, Wausau; and O'Neill, center, Milwaukee. Capt. Francis Lane, tackle, took turns at working with the different combinations.

The spring practice at Marquette will continue throughout the month of April. The members of the Hilltop staff expressed themselves satisfied with the start made on Tuesday.

BADGER WINTER ATHLETES TO GET LETTERS IN SPRING

Madison—The University of Wisconsin athletic council passed on the following recommendations for "winners in the winter indoor sports. The presentation it is hoped will be made after the spring recess.

Track—Lloyd Valley, Harry McAndrews, Charles McGinnis, Elmer Krieger, Herbert Schwarz, John Berg, stresser, Bert Hilberts, Kenneth Kennedy, Herbert Flueck, Ray Kuby, Harry Hill and Clayton Cassidy.

BOTH BADGER VARSITY AND FROSH CREWS IN REGATTA

Madison—Wisconsin is going to be fully represented in the annual intercollegiate regatta at Poughkeepsie in June of 1925.

After a long and tedious session during which many matters of various degrees of importance were discussed, the Badger athletic council announced that it had voted to send both freshman and varsity crews east this year.

Last year was the first in more than a decade in which even the varsity crewmen were given the trip, and this re-establishment of the custom of sending both outfits augurs well for the future of rowing at the Cardinal institution.

Sending the freshman crew, according to Coach "Dad" Vall, is an invaluable aid to the development of high class oarsmen here because it gives first year boys an incentive to come out and also brings much good crew material to Wisconsin.

Vall has had his squad out on Lake Monona since Monday, and will be on Mendota in a few days.

PIRATES' MANAGER IS OPTIMISTIC AS BALL SEASON OPENS

Pittsburg Depends on Rookies Moore, Wright, Yde, Kremer and Cuyler

San Francisco—While many of the experts are picking the Pittsburg Pirates to finish third this season, Manager Bill McKechnie, however, is a bit more optimistic over the chances of his team in the National League center.

McKechnie is of the opinion that his outfit must be reckoned with. And after a snoop of the material available, it appears that the Pirates have a chance to cop, providing they can stand the gruff.

HOPES RUDELY BLASTED
For the past several seasons the hopes of the Pittsburg fans have been rudely blasted. On each occasion the team has shown nice form until the last few weeks of the chase when it fell down under the strain.

In 1921 things were looking pretty rosy in the Pennsylvania city when the Giants came along and brushed past the Pirates to the pennant. A year ago the club was in the reckoning until that final series with the same Giants, only to be shoved aside again when the McGraw entourage won three straight games.

This season McKechnie hopes for something better. And this despite the fact that with the exception of Maranville, Grimm and Cooper, traded to the Cubs during the winter he will import about the same outfit as he did in 1924.

NEHAUS ON FIRST
In place of Grimm he'll have Nehaus on first. Nehaus was acquired along with Grantham and Aldridge in the trade with Chicago. He is a comparative youngster, but can hit and while not the fielder Grimm is, McKechnie expects him to fill the bill acceptably.

Eddie Moore, last year's sensational lot, will take Maranville's place at second base. Moore, in his debut season, did remarkably well. He's figured to be better this time out.

Wright will be shortstop where he performed in great fashion last year. Traynor is a fixture at the hot corner, rating as one of the best at the position in the majors.

In the outfield will be Max Carey, Cuyler and possibly Grantham. The latter played second base for the Cubs, but McKechnie figures on using him in the pastures, giving Pittsburg one of the fastest outfields in the major leagues.

GOOCH, REGULAR CATCHER
The regular catching will be done by Johnny Gooch with Earl Smith in reserve. Gooch is a clever receiver, while Smith is especially valuable due to his hitting ability. Roy Spencer, a youngster from Birmingham, will also be retained.

McKechnie believes he has a first-class pitching staff in Yde, Kremer, Morrison, Meadows and Aldridge, not to mention Babe Adams and several recruits who have given much promise.

Much of the Pirates' chances to get somewhere this season depends on the work of the five sensational recruits of last season—Cuyler, Moore, Wright, Kremer and Yde. If these boys can come through as they did in their debut campaigns, then Pittsburg stacks up as quite a dangerous contender.

AMATEURS ISSUE DEFY TO VALLEY BALL NINES

A challenge has been issued to amateur baseball teams of the vicinity by the Kimberly amateur nine which has been reorganized for the season. The Kimberly club was a member of the Homeplayers league last year and made a fine record. The mill town boys copied 12 of the last 13 games on their league schedule and are confident of giving any amateur group in the state a good fight. Any amateur wishing to arrange games with the Kimberly team should write to Bernard Spaay, manager, Kimberly, Wis.

BASEBALL STARTED AT COMBINED LOCKS

Special to the Post-Crescent
Combined Locks—Although it is rather early in the season, Marty Lamers Manager of the Combined Locks Paper Co. baseball team got his gang together and started practice for a busy season on the diamond.

Lamers feels baseball will be started here in January in few years as each year he has been able to get his men out earlier than the year before.

The records show that practice did not commence in 1922 until May 13 in 1923 on May 22—in 1924 on April 29, and in 1925 on April 7.

The veteran is confident that his men have forgotten little about the game during the winter. And with a few weeks of practice he will have his team in condition again.

APPLETON LION BOWLERS TROUNCE OSHKOSH MATES

Appleton Lion bowlers copped two matches rolled with the Oshkosh Lions Monday evening on the local Elk alleys, taking 5 games to the invaders 1. The first Appleton squad won 2 games and lost 1, while the other group took all 3 games of its set. All of the games were close and interesting. High games were rolled by Steves of Oshkosh, with 202; Pathe, Oshkosh, Brandt, Frawley and

Heuvel, and Tommy Reith are back in the lineup.

Lester Smith who was in the line up last year will not be with the team this season as he will leave soon to play everyday baseball.

Red Smith, who also was a member of the team, and who attends Notre Dame possibly will be here to join the team later in the season, the management of Combined Locks baseball team has not as yet definitely decided whether it will play independent or league ball. This will be announced later.

The diamond is in fine condition. Players will meet for practice every Tuesday and Thursday during the season.

RAID TWO FREMONT PLACES FOR MOON

Albert Trout Ordered to Appear in Court—Pike Fishing Is Good

Special to Post-Crescent
Fremont—State prohibition officers raided the Albert Trout and Charles Mink saloons here last Thursday afternoon. Moonshine was said to have been found in the possession of Albert Trout, but nothing illegal was discovered at Mink's place. Trout will appear at the circuit court at Waupaca.

Carl Erdman, proprietor of a soft drink parlor at Readfield, was arrested and put in the local jail by Marshall Charles Clow Monday evening for fighting and disturbing the peace of the village. Erdman was released at 12 o'clock upon the payment of a \$20 fine and costs to Justice of the Peace Paul R. Kohls.

F. Bushey of Waupaca promoted a wrestling bout which was staged at the Fremont opera house Friday evening. Carl Van Warden, of Oshkosh, vs. Jack Hagensick, of La Crosse, were advertised as the contestants, but due to the unfit condition of Van Warden, Billy Evans of Green Bay substituted for him against Hagensick. The latter won two falls. George Murray and Jay Cornwell were his referee and time-keeper, respectively.

A large number of people were at the Lutheran church Tuesday evening to hear the Rev. M. N. Carter, a Negro minister from Chicago. The lecture dealt with the situation of the Negro in Alabama, the Lutheran missionary work there, and the church school system for the Negro established by Lutherans. The lecture was given in English, and a short sermon was given in German. A collection was taken up for the aid of the colored peoples' church activities in Alabama, which amounted to over \$65. The Rev. Mr. Carter has fifty-six appointments in the state for the summer months, and he probably will appear at Appleton.

Royal Neighbors camp held a business meeting at the village hall Friday evening.

Mrs. Arnold Bauer was initiated as a new member.

The Union ladies aid, which was appointed the committee for the program for the April meeting of the community club, has decided to secure the Rev. J. M. Kellock of Weyauwega for a speaker, and has selected Mrs. Clark Sherburne and Mrs. Arnold Sador to manage the student part of the program.

Miss Hilda Jasman who has been confined to bed for the past several months with paralysis, received many presents and sixty-seven greeting cards on her birthday.

The spring fishing season has commenced at Fremont. The pike are running now, and are being caught in large numbers by hook and line. Many people from out of town come here to fish. The ice has gone out of Lake Koshong, a mile west of town. The water is unusually low in the river this year which will mean a good fishing season but a weak current for clammers during the summer.

A number of Fremont people went to the junior class play of the Weyauwega high school Friday evening. The play was "All a Mistake" and several interesting specialties were given between the acts. Miss Rose Libman, a Fremont student in the junior class at Weyauwega, was one of the actors in the play.

Mr. and Mrs. Carl Bettler of Larson and Mr. and Mrs. Rhinehardt Marquardt were entertained at Mrs. Albert Stanke's home Thursday evening, which was her forty-ninth birthday anniversary.

Mr. and Mrs. Ervin Bauer and

WOMEN WILL KEEP TOWNSHIP ORDERLY

Two women will administer the strong arm of the law in the town of Mabe as the result of the election there Tuesday. Mrs. Paul Miller, with 79 votes, won out over Ole Severson for justice of the peace. Mr. Severson had 38 votes. Mrs. William Ziegert was elected as constable without opposition, receiving 95 votes. This is the first time women have been chosen township officers there.

Do You Want To Put On Flesh This Spring?

If you are below normal weight you are in danger. The chances are 7 to 1 that the food you eat will not enable you to build up normal flesh. You need a spring food tonic such as **FATHER JOHN'S MEDICINE** which is all pure, wholesome nourishment.

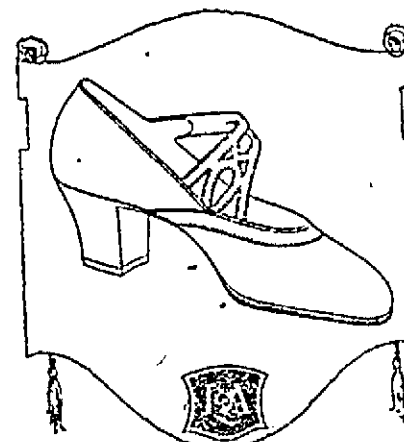

Thousands of people find that they gain weight steadily while taking this old-fashioned prescription which is a real food tonic and not a stimulant. It rebuilds and strengthens without using alcohol or dangerous drugs.

Lower Your Tax Burden by Building Permanent Roads With Vibrolithic Concrete

MADE FROM PORTLAND CEMENT

MILES OF SERVICE

During the 1924 season 50 miles of 20 ft. roadway were constructed in Wisconsin cities by the Vibrolithic method of Concrete road building. Over three million yards of this type of pavement were placed in service in the middle western states, proving that engineers and public officials are specifying Vibrolithic Roads, because they are best adapted to stand up under the tremendous traffic loads of the present. Vibrolithic Roads are an advance in concrete road construction.

VIBROLITHIC CONCRETE

THE PAVEMENT THAT OUTLASTS THE BONDS

Roads built by the Vibrolithic Method stand up under the traffic of motor traffic loads, because the Vibrolithic process of applying pressure in combination with Vibration eliminates excess water preventing voids or air pockets in the concrete, and permits the use of the lowest amount of mortar necessary to bind the coarse aggregates together, making VIBROLITHIC the DENSEST PORTLAND CEMENT CONCRETE Pavement known to the Engineering Science.

How Much Is Your Money Worth?

Toward the end of the Civil War, when Confederate paper was more paper than money a Southern officer stopped a farmer on the road and offered to buy his horse.

"I'll give you \$5,000 for him-what do you say?" asked the officer.

"You go to blazes!" was the farmer's reply. "I just paid \$3,000 to have him shod."

Even today some people claim that a dollar won't go much more than half as far as it used to.

But others-the real wise ones-know that a dollar will go just as far as ever-if they give it the right start!

They're the people who watch the opportunity market in the Post-Crescent's classified columns every day-their money is worth one hundred cents on the dollar because they spend it where it brings the biggest returns!

CITY'S DELEGATES TO COUNTY BOARD HOLD THEIR SEATS

Bayer, Rademacher and Tracy
Elected After Sharp
Campaigns

No changes in Appleton's representation on the county board of supervisors resulted from Tuesday's election in spite of the sharp campaigns in three wards. All of the incumbent supervisors were re-elected.

Incumbents were opposed for reelection in the Third, Fourth and Fifth wards. In the Third ward Joseph Bayer, re-elected, won by 56 votes. Bayer lost the first precinct but carried the second by a sufficient majority to win the election.

The closest race was in the Fifth ward where Peter Rademacher won from John Kohl, Jr., by 24 votes. Rademacher won in the first precinct by 25 votes but lost the second by a solitary ballot.

John Tracy, Nestor of the county board, was returned as supervisor, defeating George C. Dame by majority of 60. Dame carried the first precinct by 5 votes but lost the second by 62 votes.

Supervisors L. F. Busner of the First ward, P. H. Ryan of the Second ward and L. J. Jense of the Sixth ward were without opposition.

Following is the vote for supervisors:

FIRST WARD
First Pet. Busney 378
Second Pet. 274

SECOND WARD
First Pet. Ryan 266
Second Pet. 223

THIRD WARD
First Pet. Bayer 366
Second Pet. 135

Bayer's majority, 231

FOURTH WARD
First Pet. Tracy 81
Second Pet. 273

Tracy's majority, 69

FIFTH WARD
First Pet. Rademacher 125
Second Pet. 145

Rademacher's majority, 20

SIXTH WARD

DALE AGAIN DEFEATS UNION HIGH SCHOOL

Attempts of years to establish a union high school in the township of Dale met with defeat again at the election Tuesday, when the voters turned down the proposal by a vote of 202 to 130.

The question has been up at election a number of times but always met the same fate. A number of massmeetings were held in the township at which speakers pointed out the value of the higher school. The pupils who seek high school training are obliged to go to Appleton or other places and pay tuition.

ROTARY CLUB ELECTS DIRECTORS FOR YEAR

Appleton Rotary club at its meeting Tuesday elected the following members to the board of directors: E. C. Hilbert, Joseph Koffend, Jr., Roy Marston, Lee C. Rasey, Dr. A. E. Rector, E. N. Smith, and George Wettengel. The directors will elect a president, vice president and treasurer from the foregoing list on Tuesday, April 14.

SPECIAL SERVICES FOR PASSION WEEK

Special passion week services will be held at First English Lutheran church on Wednesday, Thursday and Friday of this week, the Rev. F. C. Reuter, pastor, has announced.

At 7:45 Wednesday evening Special Lenten services will be held at 7:45 Maundy Thursday, confessional service will be held in preparation for the celebration of the Lord's Supper on Good Friday evening, and Easter Sunday. Memorial services with Holy Communion will be held at 7:45 Good Friday evening. The chief festival service on Easter Sunday will be at 10:30 and the sunrise service will be at 6 o'clock.

On account of the Easter Cantata to be offered by the community chorus in Memorial chapel on Easter Sunday and the following Monday, the Sunday school children will present their Easter program on April 19.

OWNERS OF 300 MORE TREES IN SPRAYING RING

A. G. Meating, county school superintendent, was the principal speaker at a Parent-Teachers association meeting in the Budger school Tuesday night. His subject was how small people grow great. The meeting was attended by the largest crowd since organization of the association. Forty persons played cards after the business routine had been concluded and eighteen were entertained at dice.

Edward Miller of Grand Chute talked on tree spraying, and it was said that 300 more trees had been

listed for the tree spraying ring, bringing the total to 800. It will be necessary to secure 200 more to complete the quota. Edward Welland, who has been engaged to do the spraying, was present at the meeting.

Ready for Easter

Easter Coats
in the Slender
New Silhouette
\$27.50

Real sport types and semi-sport coats are shown at this modest price for Easter wearing. These coats are made of such fashionable Spring materials as Bengaline cloth, suede cloth, downy wave, Deerona and flannel. The complete range of shades includes sandalwood, agate, Chili, leather, gingersnap, peach, marigold, moss green, Gobelins, sand and rougette.

These coats are beautifully made and lined. \$27.50.

Twill Coats
for Easter
\$25. -- \$35.

Poiret twill, charmeen and twill bloom coats are among the styles that are just a bit out of the ordinary for Easter. Navy, black, gravel, terrapin, chili and tiger's eye are the new shades.

These coats have been shown only a few days, so you know they must be smart. \$25., \$27.50, \$35., \$50. to \$75.

Satin Dresses
for Easter
\$29.50

A fine satin dress is the most appropriate mode for Easter wear. It may be one of the new blonde shades, or rust, or black. The trimming will probably be lace—or the reversed fabric.

These fabrics are shown in styles for all women. There are lovely ones at \$29.50, \$37., \$50. and upwards.

New Printed
Dresses
\$15. -- \$29.50

Pettibone's Printed Dresses have become the talk of Appleton! New ones arrive every day, and they are entirely different from the ones sold the day before!

At \$15. are printed frocks made of standard silk crepes—think that you buy at Pettibone's yard goods counter. There are conservative navy and tan patterns, and brighter designs that include sport shades.

At \$29.50 come the fine Tuxedo dresses—and other smart printed frocks. They look far more expensive than this price. Only \$29.50.

—Second Floor—

Fur Trimmed
Easter Coats
As Low As
\$35.

Easter coats may have trimmings of lovely furs around the neck, or as a band around the bottom. The furs lend beautifully with the color of the material. These fur trimmings have been carefully used to give a trimming touch without a feeling of warmth.

There is a wide showing of these coats \$35., \$45 and \$55.

Junior Sizes
in Coats
\$17.50 - \$75.

The smaller woman and the miss will be delighted with the special showings of coats in "Junior" sizes. These coats are made of polaire cloths, downy waves, buckskin, bengaline cloth, Stook's camel's hair and natural Kasha. The new colorings include all of the bright shades as well as the tan tones.

Sizes 15, 17 and 19 are \$17.50, \$19.50, \$27.50 to \$75. They come in a great variety of styles.
